# DEPARTMENT OF EDUCATION EASTERN CAPE PROVINCE

Bidders are hereby invited by **DoE** for the following contract, relating to the Provision of Generators to EcDoE facilities.

# SANITATION RELIEF PROGRAMME FOR ADDITIONAL ABLUTION FACILITIES AT LUKHOZI HIGH SCHOOL

RFQ NO: SANI 21/22-055

[CIDB Grade: 2GB Category or Higher]

Principal Agent
Mr Q Msiwa

Tel: 040 608 4707

# Project Leader (DoE)

Mr Q Msiwa

Tel: 040 608 4707

Request for Quotation documents will be available as from 12h00 on 14 August 2023 at the offices of the Department of Education, Steve Tshwete Complex, Zone 6, Zwelitsha or Website https://eceducation.gov.za/.

Completed Request for Quotation documents in a sealed envelope endorsed with the project name, request for quotation number and description must be deposited in the Tender Box, **Department of Education, Steve Tshwete Complex, Zone 6, Zwelitsha**, not later than **11h00** on **21 August 2023** when request for quotations will not be opened in public. The performance of the Contractor will be evaluated on a monthly basis and the overall performance report will be issued at the end of the project.

# Site Briefing Meeting - There will be not briefing session.

## Bidders shall take note of the following Bid conditions -

- □ Single Volume to be submitted
- Priced BoQ to be submitted
- □ Bidders are required to have a CIDB contractor grading designation **2GB** or higher
- JV Agreements with installers and CIDB graded contractors would be acceptable.
- □ An approved surety will be required
- Penalties for late completion will be enforced
- Late request for quotations will not be accepted
- □ Letter of Good Standing from the Compensation Fund or FEMA to be submitted with request for quotation
- □ Failure to complete <u>all</u> supplementary information and the RETURNABLE SCHEDULES could result in the request for quotation being eliminated

- CIPRO/CIPC Certificate to be submitted with tender
- □ Adjudication criteria are as follows:
  - □ 80 Points for Price
  - □ 20 Points for Specific Goals

Bids with a threshold value up to R50 000 000,00 shall be evaluated on 80/20 principle. Preference points shall be allocated as per below table:

Preferential	goals	H	istorically	Allocation of Points
Disadvantage	ed individu	ıals		
Women partic	ipation			4
Persons with o	disabilities			2
Promotion of \	outh			6
		Spec	ific goals	
Enterprises Cape Province	located i	in the	Eastern	6
Promotion of	Military Ve	eterans		2

# 1. CLAIMING OF PREFERENCE POINTS

- 1.1. Preference points allocated Historically Disadvantaged individuals may be claimed by Persons who had no franchise in national elections prior to 1983 and 1993.
- 1.2. Preference points allocated for women may be claimed if there is sufficient evidence that such woman has ownership of 51% or more of the enterprise shareholding.
- 1.3. Preference points allocated for persons with disabilities may only be claimed ifthere is sufficient evidence that such person has ownership of 51% or more ofthe enterprise shareholding.
- 1.4. Preference points allocated for promotion of youth may only be claimed if there is sufficient evidence that such youth has ownership of 51% or more of the enterprise shareholding.
- 1.5. Preference points for Locality may be allocated for promotion of enterprises located within the Eastern Cape Province may be claimed by submission of proof that the enterprise is located within the borders of Eastern Cape Province. This includes an enterprise whose head office may be situated in another province but has a fully-

fledged branch within Eastern Cape Province. Enterprises located outside the borders of the Eastern Cape Province and who only appoints agents and or commission warehouses in this municipal area are expressly excluded from claiming points for this goal.

- 1.6. Preference points may be allocated to other RDP goals as follows:
  - (a) Promotion of south African owned enterprises
  - (b) Promotion of export-oriented production to create jobs
  - (c) Creation of new jobs or intensification of labour absorption
  - (d) Promotion of enterprises located in the rural areas
  - (e) Promotion of enterprises located in specific municipal area for work to be doneor service to be rendered in that municipal area.
    - □ Tender validity period is 120 (one hundred and twenty) calendar days.
    - □ Tender Forms (Form C1.1: Form of offer and acceptance) that are incomplete or incorrectly completed will result in elimination of that tender
    - □ An original valid SARS Tax Clearance Certificate/Pin must be submitted with the tender, in order to be considered. Failure for submission of Tax Clearance Certificate will result in elimination of tender. In the case of a JV, each partner must present an original SARS Tax Clearance Certificate.
    - □ Form T2.2r (Compulsory Enterprise Questionnaire) must be completed by all or the tender will be eliminated.
    - □ In case of a joint venture a two compulsory enterprise questionnaire must be submitted.

Telegraphic, telexed or faxed tenders will not be considered. The ECDoE does not bind itself to accepting the lowest tenderer. Tender price offered should not pose a commercial risk to the completion of the project.

The BEE may or may not interview the bidder should it deem it necessary.

Address:	Steve Tshwete Building
Tel:	(040) 608 4707
Fax:	
E-mail:	qiqile.msiwa@ecdoe.gov.za

# C.2.1

Only those Bidders who satisfy the following eligibility criteria should submit Request for Quotations:

- 1. Submit an offer only if the Bidder satisfies the criteria stated in the Request for Quotation data and the Bidder, or any of his principals, is not under any restriction to do business with the employer.
- 2. The Bidder is registered with the CIDB, in a **2GB** or higher class of construction work.
- 3. The Bidder is registered on the National Treasury Central Supplier Data Base (<a href="https://secure.csd.gov.za">https://secure.csd.gov.za</a>)
- 4. The Bidder accepts that documents that have correction fluid on them will be deemed non-responsive and the documents must remain intact.

	5. Bidders adhere to the pre-qualification criteria stated in the Request for Quotation document, if any.
C.2.1	Joint ventures are eligible to submit Bids provided that:  1. Every member of the joint venture must be registered with the CIDB in the General Building (GB) class of work.  2. The combined contractor grading designation of the members calculated in accordance with the Construction Industry Development Regulations is equal to or higher than a contractor grading designation determined in accordance with the sum bid for a <b>2GB or Higher</b> class of construction work.  3. The members/parties have signed a joint venture agreement.
C.2.7	The arrangements for the compulsory clarification meeting, if any, are as stated in the Request for Quotation Notice (T1.1).
	A Request for Quotation will not be considered if the Bidder or their representative has not attended the compulsory briefing session.
	Bidders must sign the attendance register in the name of the bidding entity.
	Addenda will be issued to and Request for Quotations will be received only from those bidding entities appearing on the attendance register.
	Request for Quotation documents will not be issued at the clarification meeting.
C.2.8	Request clarification at least 3 calander days before the closing time.
C2.11	All documents must be completed and signed in black permanent ink. No correction fluid must be used in the document. Incomplete bid responses may be disqualified or evaluated solely on the information contained in the bid. The ECDoE may disregard any content in the Request for Quotation that is illegible and will be under no obligation whatsoever to seek clarification from the bidder.
C.2.12	If a Bidder wishes to submit an alternative Request for Quotation offer, the only criteria permitted for such alternative Request for Quotation offer is that it demonstrably satisfies the employer's standards and requirements, the details of which may be obtained from the Employer's Agent.
	Calculations, drawings and all other pertinent technical information and characteristics as well as modified or proposed Pricing Data must be submitted with the alternative Request for Quotation offer to enable the employer to evaluate the efficacy of the alternative and its principal elements, to take a view on the degree to which the alternative complies with the employer's standards and requirements and to evaluate the acceptability of the pricing proposals. Calculations must be set out in a clear and logical sequence and must clearly reflect all design assumptions. Pricing Data must reflect all assumptions in the development of the pricing proposal.
	Acceptance of an alternative Request for Quotation offer will mean acceptance in principle of the offer. It will be an obligation of the contract for the Bidder, in the event that the alternative is accepted, to accept full responsibility and liability that the alternative offer complies in all respects with the employer's standards and requirements.
	The modified Pricing Data must include an amount equal to 5% of the amount bid for the alternative offer to cover the employer's costs of confirming the acceptability of the detailed design before it is constructed.
	Alternative Bid offer permitted: Yes ☐ No ☒
C.2.13 C.2.15	The employer's address for delivery of Request for Quotation offers and identification details to be shown on each Request for Quotation offer package are as per Request for Quotation Notice (T1.1) and Invitation to Bid (SBD 1)

C.2.13.5	Request for Quotation offers shall be submitted as originals only.
C.2.13.6	A two-envelope system is not required.
0.2.10.0	7 two envelope system is not required.
C.2.13.9	Telephonic, telegraphic, telex, facsimile, emailed, electronic copy or late offers will not be accepted.
C.2.15	The closing time for submission of Request for Quotation offers is as per the Request for Quotation Notice (T1.1) and the Invitation to Bid (SBD 1).
C.2.16	The Request for Quotation offer validity period is as per the Request for Quotation Notice (T1.1) and the Invitation to Bid (SBD 1).
C.2.17	Provide clarification of the Request for Quotation offer in response to do so from the employer during the evaluation of Request for Quotation offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the competitive position of Bidders or substance of the Request for Quotation offer is sought, offered, or permitted.
C.2.22	Not a requirement
C.2.23	Refer to Parts 1, 2 & 3 for certificates and other documents to be submitted with the Request for Quotation.
C.3.4	The time and location for opening of the Request for Quotation offers are as per the Request for Quotation Notice (T1.1).
C.3.11	Financial Offer and Preference will be evaluated as follows:
	The 80/20 preference point system will be applicable with 80 points allocated to Price and 20 points towards Specific Goals status level of contribution.
	The score for price is calculated using the following formula:
	$Ps = 80 \left( 1 - \frac{Pt - P\min}{P\min} \right)$
	Where:  Ps = Points scored for price of bid under consideration;
	Pt = Price of bid under consideration and
	Pmin = Price of lowest acceptable bid.
	A trust, consortium or joint venture will qualify for points for their Specific Goals.
C.3.11	
C.3.13	Request for Quotation offers will only be accepted if:
	<ol> <li>The Bidder or any of its directors/shareholders is not listed on the Register of Tender Defaulters in terms of the Prevention and Combating of Corrupt Activities Act of 2004 as a person prohibited from doing business with the public sector;</li> </ol>
	<ul><li>2. The Bidder has not:</li><li>a. Abused the Employer's Supply Chain Management System; or</li></ul>

	b. Failed to perform on any previous contract and has been given a written notice to this effect;
	3. The Bidder has completed the compulsory declarations and there are no conflicts of interest, which may impact on the Bidder's ability to perform the contract in the best interests of the employer or potentially compromise the Request for Quotation process;
	4. The Bidder has registered on the Centralized Supplier Database (CSD) prior to submitting Request for Quotations (open Request for Quotations). Any prospective Bidder found to have tax matters not in order with SARS during the evaluation process will be eliminated and not be considered further;
	5. The Bidder is registered with the Construction Industry Development Board in an appropriate contractor grading designation;
	The Bidder is in good standing with the Compensation Fund.
C.3.17	The number of paper copies of the signed contract to be provided by the employer is <b>1 (one)</b> copy of the signed contract to the successful Bidder.

# Part 2: AGREEMENT AND CONTRACT DATA

# **C1.1** Form of Offer and Acceptance

# C1.1: FORM OF OFFER AND ACCEPTANCE

Project title:	SANITATION RELIEF PROGRAMME FOR ADDITIONAL ABLUTION FACILITIES AT LUKHOZI HIGH SCHOOL	
Request for Quotation No:	SANI 21/22-055	

## **OFFER**

The employer, identified in the acceptance signature block, has solicited offers to enter into a contract for the procurement of:

# SANITATION RELIEF PROGRAMME FOR ADDITIONAL ABLUTION FACILITIES AT LUKHOZI HIGH SCHOOL

The Bidder, identified in the offer signature block, has examined the documents listed in the Request for Quotation data and addenda thereto as listed in the returnable schedules, and by submitting this offer has accepted the conditions of Request for Quotation.

By the representative of the Bidder, deemed to be duly authorized, signing this part of this form of offer and acceptance, the Bidder offers to perform all of the obligations and liabilities of the contractor under the contract including compliance with all its terms and conditions according to their true intent and meaning for an amount to be determined in accordance with the conditions of contract identified in the contract data.

THE OFFERE	ED TOTAL OF THE PRICES INCLUSIVE OF VALUE ADDED TAX IS
R	(in figures)
and returning for Quotation	y be accepted by the employer by signing the acceptance part of this form of offer and acceptance one copy of this document to the Bidder before the end of the period of validity stated in the Request data, whereupon the Bidder becomes the party named as the contractor in the conditions of contract e contract data.
Signature(s)	
Name(s)	
Capacity	
for the Bidder	
	(Name and address of organization)
Name and signature of witness	Date

## **ACCEPTANCE**

By signing this part of this form of offer and acceptance, the employer identified below accepts the Bidder's offer. In consideration thereof, the employer shall pay the contractor the amount due in accordance with the conditions of contract identified in the contract data. Acceptance of the Bidder's offer shall form an agreement between the employer and the Bidder upon the terms and conditions contained in this agreement and in the contract that is the subject of this agreement.

The terms of the contract, are contained in:

Part C1 Agreements and contract data, (which includes this agreement)

Part C2 Pricing data

Part C3 Scope of work.

Part C4 Site information and drawings and documents or parts thereof, which may be incorporated by reference into the above listed Parts.

Deviations from and amendments to the documents listed in the Request for Quotation data and any addenda thereto as listed in the returnable schedules as well as any changes to the terms of the offer agreed by the Bidder and the employer during this process of offer and acceptance, are contained in the schedule of deviations attached to and forming part of this form of offer and acceptance. No amendments to or deviations from said documents are valid unless contained in this schedule.

The Bidder shall within 2 (two) weeks after receiving a completed copy of this agreement, including the schedule of deviations (if any), contact the employer's agent (whose details are given in the contract data) to arrange the delivery of any securities, bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the conditions of contract identified in the contract data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the Bidder receives one fully completed original copy of this document, including the schedule of deviations (if any). Unless the Bidder (now contractor) within 5 (five) working days of the date of such receipt notifies the employer in writing of any reason why he cannot accept the contents of this agreement, this agreement shall constitute a binding contract between the parties.

## **Schedule of Deviations**

#### Notes:

- 1. The extent of deviations from the Request for Quotation documents issued by the employer before the Request for Quotation closing date is limited to those permitted in terms of the conditions of Request for Quotation.
- 2. A Bidder's covering letter shall not be included in the final contract document. Should any matter in such letter, which constitutes a deviation as aforesaid, become the subject of agreements reached during the process of offer and acceptance, the outcome of such agreement shall be recorded here.
- 3. Any other matter arising from the process of offer and acceptance either as a confirmation, clarification or change to the Request for Quotation documents and which it is agreed by the Parties becomes an obligation of the contract shall also be recorded here.
- 4. Any change or addition to the Request for Quotation documents arising from the above agreements and recorded here, shall also be incorporated into the final draft of the Contract.

1.	Subject	
	Details	
2.	Subject

# **C1.1b Standard Conditions of Tender**

# **CIDB Standard Conditions of Tender (August 2019 Edition)**

(As contained in Annexure C of the CIDB Standard for Uniformity in Engineering and Construction Works Contracts in Board Notice 423 of 2019 in Government Gazette No 42622 of 8 August 2019)

#### C.1 General

#### C.1.1 Actions

- **C.1.1.1** The employer and each tenderer submitting a tender offer shall comply with these conditions of tender. In their dealings with each other, they shall discharge their duties and obligations as set out in C.2 and C.3, timeously and with integrity, and behave equitably, honestly and transparently, comply with all legal obligations and not engage in anticompetitive practices.
- C.1.1.2 The employer and the tenderer and all their agents and employees involved in the tender process shall avoid conflicts of interest and where a conflict of interest is perceived or known, declare any such conflict of interest, indicating the nature of such conflict. Bidders shall declare any potential conflict of interest in their tender submissions. Employees, agents and advisors of the employer shall declare any conflict of interest to whoever is responsible for overseeing the procurement process at the start of any deliberations relating to the procurement process or as soon as they become aware of such conflict and abstain from any decisions where such conflict exists or recuse themselves from the procurement process, as appropriate.
- Note: 1) A conflict of interest may arise due to a conflict of roles which might provide an incentive for improper acts in some circumstances. A conflict of interest can create an appearance of impropriety that can undermine confidence in the ability of that person to act properly in his or her position even if no improper acts result.
- 2) Conflicts of interest in respect of those engaged in the procurement process include direct, indirect or family interests in the tender or outcome of the procurement process and any personal bias, inclination, obligation, allegiance or loyalty which would in any way affect any decisions taken.
  - **C.1.1.3** The employer shall not seek and a tenderer shall not submit a tender without having a firm intention and the capacity to proceed with the contract.

#### **C.1.2 Tender Documents**

The documents issued by the employer for the purpose of a tender offer are listed in the tender data.

# C.1.3 Interpretation

- **C.1.3.1** The tender data and additional requirements contained in the tender schedules that are included in the returnable documents are deemed to be part of these conditions of tender.
- **C.1.3.2** These conditions of tender, the tender data and tender schedules which are required for tender evaluation purposes, shall form part of any contract arising from the invitation to tender.
- **C.1.3.3** For the purposes of these conditions of tender, the following definitions apply:
  - a) conflict of interest means any situation in which:
    - i) someone in a position of trust has competing professional or personal interests which make it difficult to fulfill his or her duties impartially:
    - ii) an individual or tenderer is in a position to exploit a professional or official capacity in some way for their personal or corporate benefit; or
    - iii) incompatibility or contradictory interests exist between an employee and the tenderer who employs that employee.
  - b) **comparative offer** means the price after the factors of a non-firm price and all unconditional discounts it can be utilised to have been taken into consideration;
  - c) **corrupt practice** means the offering, giving, receiving or soliciting of anything of value to influence the action of the employer or his staff or agents in the tender process;
  - d) **fraudulent practice** means the misrepresentation of the facts in order to influence the tender process or the award of a contract arising from a tender offer to the detriment of the employer, including collusive practices intended to establish prices at artificial levels;

## C.1.4 Communication and employer's agent

Each communication between the employer and a tenderer shall be to or from the employer's agent only, and in a form that can be readily read, copied and recorded. Communications shall be in the English language. The employer shall not take any responsibility for non-receipt of communications from or by a tenderer. The name and contact details of the employer's agent are stated in the tender data.

#### C.1.5 Cancellation and Re-Invitation of Tenders

- **C.1.5.1** An employer may, prior to the award of the tender, cancel a tender if:
  - a) due to changed circumstances, there is no longer a need for the engineering and construction works specified in the invitation;
  - b) funds are no longer available to cover the total envisaged expenditure; or
  - c) no acceptable tenders are received.
  - d) there is a material irregularity in the tender process.
- **C.1.5.2** The decision to cancel a tender invitation must be published in the same manner in which the original tender invitation was advertised
- **C.1.5.3** An employer may only with the prior approval of the relevant treasury cancel a tender invitation for the second time.

## **C.1.6 Procurement procedures**

#### C.1.6.1 General

Unless otherwise stated in the tender data, a contract will, subject to C.3.13, be concluded with the tenderer who in terms of C.3.11 is the highest ranked or the tenderer scoring the highest number of tender evaluation points, as relevant, based on the tender submissions that are received at the closing time fortenders.

# C.1.6.2 Competitive negotiation procedure

- C.1.6.2.1 Where the tender data require that the competitive negotiation procedure is to be followed, Bidders shall submit tender offers in response to the proposed contract in the first round of submissions. Notwithstanding the requirements of C.3.4, the employer shall announce only the names of the Bidders who make a submission. The requirements of C.8 relating to the material deviations or qualifications which affect the competitive position of Bidders shall not apply.
- C.1.6.2.2 All responsive Bidders or at least a minimum of not less than three responsive Bidders that are highest ranked in terms of the evaluation criteria stated in the tender data shall be invited to enter into competitive negotiations based on the principle of equal treatment, keeping confidential the proposed solutions and associated information. Notwithstanding the provisions of C.2.17, the employer may request that tenders be clarified, specified and fine-tuned in order to improve a tenderer's competitive position provided that such clarification, specification, fine-tuning or additional information does not alter any fundamental aspects of the offers or impose substantial new requirements which restrict or distort competition or have a discriminatory effect.
- C.1.6.2.3 At the conclusion of each round of negotiations, Bidders shall be invited by the employer to revise their tender offer based on the same evaluation criteria, with or without adjusted weightings. Bidders shall be advised when they are to submit their best and final offer.
- C.1.6.2.4 The contract shall be awarded in accordance with the provisions of C.3.11 and C.3.13 after Bidders have been requested to submit their best and final offer.

# C.1.6.3 Proposal procedure using the two stage-system

# C.1.6.3.1 Option 1

Bidders shall in the first stage submit technical proposals and, if required, cost parameters around which a contract may be negotiated. The employer shall evaluate each responsive submission in terms of the method of evaluation stated in the tender data, and in the second stage negotiate a contract with the tenderer scoring the highest number of evaluation points and award the contract in terms of these

conditions of tender.

#### C.1.6.3.2 Option 2

- C.1.6.3.2.1 Bidders shall submit in the first stage only technical proposals. The employer shall invite all responsive Bidders to submit tender offers in the second stage, following the issuing of procurement documents.
- C.1.6.3.2.2 The employer shall evaluate tenders received during the second stage in terms of the method of evaluation stated in the tender data, and award the contract in terms of these conditions of tender.

# C.2 Tenderer's obligations

## C.2.1 Eligibility

- C.2.1.1 Submit a tender offer only if the tenderer satisfies the criteria stated in the tender data and the tenderer, or any of his principals, is not under any restriction to do business with employer.
- C.2.1.2 Notify the employer of any proposed material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used by the employer as the basis in a prior process to invite the tenderer to submit a tender offer and obtain the employer's written approval to do so prior to the closing time for tenders.

#### C.2.2 Cost of tendering

- C.2.2.1 Accept that, unless otherwise stated in the tender data, the employer will not compensate the tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer complies with requirements.
- C.2.2.2 The cost of the tender documents charged by the employer shall be limited to the actual cost incurred by the employer for printing the documents. Employers must attempt to make available the tender documents on its website so as not to incur any costs pertaining to the printing of the tender documents.

#### C.2.3 Check documents

Check the tender documents on receipt for completeness and notify the employer of any discrepancy or omission.

#### C.2.4 Confidentiality and copyright of documents

Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the employer only for the purpose of preparing and submitting a tender offer in response to the invitation.

#### C.2.5 Reference documents

Obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, conditions of contract and other publications, which are not attached but which are incorporated into the tender documents by reference.

# C.2.6 Acknowledge addenda

Acknowledge receipt of addenda to the tender documents, which the employer may issue, and if necessary apply for an extension to the closing time stated in the tender data, in order to take the addenda into account.

#### C.2.7 Clarification meeting

Attend, where required, a clarification meeting at which Bidders may familiarize themselves with aspects of the proposed work, services or supply and raise questions. Details of the meeting(s) are stated in the tender data.

#### C.2.8 Seek clarification

Request clarification of the tender documents, if necessary, by notifying the employer at least five (5) working days before the closing time stated in the tender data.

#### C.2.9 Insurance

Be aware that the extent of insurance to be provided by the employer (if any) might not be for the full cover required in terms of the conditions of contract identified in the contract data. The tenderer is advised to seek qualified advice regarding insurance.

#### C.2.10 Pricing the tender offer

- C.2.10.1 Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes except Value Added Tax (VAT), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable fourteen (14) days before the closing time stated in the tenderdata.
- C.2.10.2 Show VAT payable by the employer separately as an addition to the tendered total of the prices.
- C.2.10.3 Provide rates and prices that are fixed for the duration of the contract and not subject to adjustment except as provided for in the conditions of contract identified in the contract data.
- C.2.10.4 State the rates and prices in Rand unless instructed otherwise in the tender data. The conditions of contract identified in the contract data may provide for part payment in other currencies.

#### C.2.11 Alterations to documents

Do not make any alterations or additions to the tender documents, except to comply with instructions issued by the employer, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations.

#### C.2.12 Alternative tender offers

- C.2.12.1 Unless otherwise stated in the tender data, submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted as well as a schedule that compares the requirements of the tender documents with the alternative requirements that are proposed.
- C.2.12.2 Accept that an alternative tender offer must be based only on the criteria stated in the tender data or criteria otherwise acceptable to the employer.
- C.2.12.3 An alternative tender offer must only be considered if the main tender offer is the winning tender.

# C.2.13 Submitting a tender offer

- C.2.13.1 Submit one tender offer only, either as a single tendering entity or as a member in a joint venture to provide the whole of the works identified in the contract data and described in the scope of works, unless stated otherwise in the tender data.
- C.2.13.2 Return all returnable documents to the employer after completing them in their entirety, either electronically (if they were issued in electronic format) or by writing legibly in non-erasable ink.
- C.2.13.3 Submit the parts of the tender offer communicated on paper as an original plus the number of copies stated in the tender data, with an English translation of any documentation in a language other than English, and the parts communicated electronically in the same format as they were issued by the employer.
- C.2.13.4 Sign the original and all copies of the tender offer where required in terms of the tender data. The employer will hold all authorized signatories liable on behalf of the tenderer. Signatories for Bidders proposing to contract as joint ventures shall state which of the signatories is the lead partner whom the employer shall hold liable for the purpose of the tender offer.

- C.2.13.5 Seal the original and each copy of the tender offer as separate packages marking the packages as "ORIGINAL" and "COPY". Each package shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.
- C.2.13.6 Where a two-envelope system is required in terms of the tender data, place and seal the returnable documents listed in the tender data in an envelope marked "financial proposal" and place the remaining returnable documents in an envelope marked "technical proposal". Each envelope shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.
- C.2.13.7 Seal the original tender offer and copy packages together in an outer package that states on the outside only the employer's address and identification details as stated in the tender data.
- C.2.13.8 Accept that the employer will not assume any responsibility for the misplacement or premature opening of the tender offer if the outer package is not sealed and marked as stated.
- C.2.13.9 Accept that tender offers submitted by facsimile or e-mail will be rejected by the employer, unless stated otherwise in the tender data.

## C.2.14 Information and data to be completed in all respects

Accept that tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the employer as non-responsive.

## C.2.15 Closing time

- C.2.15.1 Ensure that the employer receives the tender offer at the address specified in the tender data not later than the closing time stated in the tender data. Accept that proof of posting shall not be accepted as proof of delivery.
- C.2.15.2 Accept that, if the employer extends the closing time stated in the tender data for any reason, the requirements of these conditions of tender apply equally to the extended deadline.

## C.2.16 Tender offer validity

- C.2.16.1 Hold the tender offer(s) valid for acceptance by the employer at any time during the validity period stated in the tender data after the closing time stated in the tender data.
- C.2.16.2 If requested by the employer, consider extending the validity period stated in the tender data for an agreed additional period with or without any conditions attached to such extension.
- C.2.16.3 Accept that a tender submission that has been submitted to the employer may only be withdrawn or substituted by giving the employer's agent written notice before the closing time for tenders that a tender is to be withdrawn or substituted. If the validity period stated in C.2.16 lapses before the employer evaluating tender, the contractor reserves the right to review the price based on Consumer Price Index (CPI).
- C.2.16.4 Where a tender submission is to be substituted, a tenderer must submit a substitute tender in accordance with the requirements of C.2.13 with the packages clearly marked as "SUBSTITUTE".

#### C.2.17 Clarification of tender offer after submission

Provide clarification of a tender offer in response to a request to do so from the employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the competitive position of Bidders or substance of the tender offer is sought, offered, or permitted.

**Note:** Sub-clause C.2.17 does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the Employer elect to do so.

#### C.2.18 Provide other material

- C.2.18.1 Provide, on request by the employer, any other material that has a bearing on the tender offer, the tenderer's commercial position (including notarized joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the employer for the purpose of a full and fair risk assessment. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the employer's request, the employer may regard the tender offer as non-responsive.
- C.2.18.2 Dispose of samples of materials provided for evaluation by the employer, where required.

#### C.2.19 Inspections, tests and analysis

Provide access during working hours to premises for inspections, tests and analysis as provided for in the tender data.

#### C.2.20 Submit securities, bonds and policies

If requested, submit for the employer's acceptance before formation of the contract, all securities, bonds, guarantees, policies and certificates of insurance required in terms of the conditions of contract identified in the contract data.

#### C.2.21 Check final draft

Check the final draft of the contract provided by the employer within the time available for the employer to issue the contract.

#### C.2.22 Return of other tender documents

If so instructed by the employer, return all retained tender documents within twenty-eight (28) days after the expiry of the validity period stated in the tender data.

#### C.2.23 Certificates

Include in the tender submission or provide the employer with any certificates as stated in the tender data.

#### C.3 The employer's undertakings

# C.3.1 Respond to requests from the tenderer

- C.3.1.1 Unless otherwise stated in the tender Data, respond to a request for clarification received up to five (5) working days before the tender closing time stated in the Tender Data and notify all Bidders who collected tender documents.
- C.3.1.2 Consider any request to make a material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used to prequalify a tenderer to submit a tender offer in terms of a previous procurement process and deny any such request if as a consequence:
  - a) an individual firm, or a joint venture as a whole, or any individual member of the joint venture fails to meet any of the collective or individual qualifying requirements;
  - b) the new partners to a joint venture were not prequalified in the first instance, either as individual firms or as another joint venture; or
  - c) in the opinion of the Employer, acceptance of the material change would compromise the outcome of the prequalification process.

# C.3.2 Issue Addenda

If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date that tender documents are available until three (3) working days before the

tender closing time stated in the Tender Data. If, as a result a tenderer applies for an extension to the closing time stated in the Tender Data, the Employer may grant such extension and, shall then notify all Bidders who collected tender documents.

#### C.3.3 Return late tender offers

Return tender offers received after the closing time stated in the Tender Data, unopened, (unless it is necessary to open a tender submission to obtain a forwarding address), to the tenderer concerned.

#### C.3.4 Opening of tender submissions

- C.3.4.1 Unless the two-envelope system is to be followed, open valid tender submissions in the presence of Bidders' agents who choose to attend at the time and place stated in the tender data. Tender submissions for which acceptable reasons for withdrawal have been submitted will not be opened.
- C.3.4.2 Announce at the meeting held immediately after the opening of tender submissions, at a venue indicated in the tender data, the name of each tenderer whose tender offer is opened and, where applicable, the total of his prices, number of points claimed for its Specific Goals status level and time for completion for the main tender offer only.
- C.3.4.3 Make available the record outlined in C.3.4.2 to all interested persons upon request.

## C.3.5 Two-envelope system

- C.3.5.1 Where stated in the tender data that a two-envelope system is to be followed, open only the technical proposal of valid tenders in the presence of Bidders' agents who choose to attend at the time and place stated in the tender data and announce the name of each tenderer whose technical proposal is opened.
- C.3.5.2 Evaluate functionality of the technical proposals offered by Bidders, then advise Bidders who remain in contention for the award of the contract of the time and place when the financial proposals will be opened. Open only the financial proposals of Bidders, who score in the functionality evaluation more than the minimum number of points for functionality stated in the tender data, and announce the score obtained for the technical proposals and the total price and any points claimed on Specific Goals status level. Return unopened financial proposals to Bidders whose technical proposals failed to achieve the minimum number of points for functionality.

#### C.3.6 Non-disclosure

Not disclose to Bidders, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers, the final evaluation price and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

## C.3.7 Grounds for rejection and disqualification

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

#### C.3.8 Test for responsiveness

- C.3.8.1 Determine, after opening and before detailed evaluation, whether each tender offer properly received:
  - a) complies with the requirements of these Conditions of Tender,
  - b) has been properly and fully completed and signed, and
  - c) is responsive to the other requirements of the tender documents.
- C.3.8.2 A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:
  - a) detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,

- b) significantly change the Employer's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other Bidders presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

#### C.3.9 Arithmetical errors, omissions and discrepancies

- C.3.9.1 Check responsive tenders for discrepancies between amounts in words and amounts in figures. Where there is a discrepancy between the amounts in figures and the amount in words, the amount in words shall govern.
- C.3.9.2 Check the highest ranked tender or tenderer with the highest number of tender evaluation points after the evaluation of tender offers in accordance with C.3.11 for:
  - a) the gross misplacement of the decimal point in any unit rate;
  - b) omissions made in completing the pricing schedule or bills of quantities; or
  - c) arithmetic errors in:
    - (i) line item totals resulting from the product of a unit rate and a quantity in bills of quantities or schedules of prices; or
    - (ii) the summation of the prices.
- C.3.9.3 Notify the tenderer of all errors or omissions that are identified in the tender offer and either confirm the tender offer as tendered or accept the corrected total of prices.
- C.3.9.4 Where the tenderer elects to confirm the tender offer as tendered, correct the errors as follows:
  - a) If bills of quantities or pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected.
  - b) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.

#### C.3.10 Clarification of a tender offer

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

## C.3.11 Evaluation of tender offers

The Standard Conditions of Tender standardize the procurement processes, methods and procedures from the time that tenders are invited to the time that a contract is awarded. They are generic in nature and are made project specific through choices that are made in developing the Tender Data associated with a specific project.

Conditions of tender are by definition the document that establishes a tenderer's obligations in submitting a tender and the employer's undertakings in soliciting and evaluating tender offers. Such conditions establish the rules from the time a tender is advertised to the time that a contract is awarded and require employers to conduct the process of offer and acceptance in terms of a set of standard procedures.

The CIDB Standard Conditions of Tender are based on a procurement system that satisfies the following system requirements:		
Requirement	Qualitative interpretation of goal	
Fair	The process of offer and acceptance is conducted impartially without bias, providing simultaneous and timely access to participating parties to the same information.	
Equitable	Terms and conditions for performing the work do not unfairly prejudice the interests of the parties.	
Transparent	The only grounds for not awarding a contract to a tenderer who satisfies all requirements are restrictions from doing business with the employer, lack of capability or capacity, legal impediments and conflicts of interest.	
Competitive	The system provides for appropriate levels of competition to ensure cost effective and best value	

outcomes.
The processes, procedures and methods are standardized with sufficient flexibility to attain best value outcomes in respect of quality, timing and price, and least resources to effectively manage and control procurement processes.

# The activities associated with evaluating tender offers are as follows:

- a) Open and record tender offers received
- b) Determine whether or not tender offers are complete
- c) Determine whether or not tender offers are responsive
- d) Evaluate tender offers
- e) Determine if there are any grounds for disqualification
- f) Determine acceptability of preferred tenderer
- g) Prepare a tender evaluation report
- h) Confirm the recommendation contained in the tender evaluation report

#### **C.3.11.1 General**

The employer must appoint an evaluation panel of not less than three persons conversant with the proposed scope of works to evaluate each responsive tender offer using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the tender data.

## C.3.12 Insurance provided by the employer

If requested by the proposed successful tenderer, submit for the tenderer's information the policies and / or certificates of insurance which the conditions of contract identified in the contract data, require the employer to provide.

# C.3.13 Acceptance of tender offer

Accept the tender offer; if in the opinion of the employer, it does not present any risk and only if the tenderer:
a) is not under restrictions, or has principals who are under restrictions, preventing participating in the employer's

 a) is not under restrictions, or has principals who are under restrictions, preventing participating in the employer's procurement;

- b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract;
- c) has the legal capacity to enter into the contract;
- d) is not; insolvent, in receivership, under Business Rescue as provided for in chapter 6 of the Companies Act No. 2008, bankrupt or being wound up, has his/her affairs administered by a court or a judicial officer, has suspended his/her business activities or is subject to legal proceedings in respect of any of the foregoing;
- e) complies with the legal requirements, if any, stated in the tender data; and
- f) is able, in the opinion of the employer, to perform the contract free of conflicts of interest.

#### C.3.14 Prepare contract documents

- C.3.14.1 If necessary, revise documents that shall form part of the contract and that were issued by the employer as part of the tender documents to take account of:
  - a) addenda issued during the tender period,
  - b) inclusion of some of the returnable documents and
  - c) other revisions agreed between the employer and the successful tenderer.
- C.3.14.2 Complete the schedule of deviations attached to the form of offer and acceptance, if any.

#### C.3.15 Complete adjudicator's contract

Unless alternative arrangements have been agreed or otherwise provided for in the contract, arrange for both parties to complete formalities for appointing the selected adjudicator at the same time as the main contract is signed.

# C.3.16 Registration of the award

An employer must, within twenty-one (21) working days from the date on which a contractor's offer to perform a construction works contract is accepted in writing by the employer, register and publish the award on the cidb Register of Projects.

## C.3.17 Provide copies of the contracts

Provide to the successful tenderer the number of copies stated in the Tender Data of the signed copy of the contract as soon as possible after completion and signing of the form of offer and acceptance.

# C.3.18 Provide written reasons for actions taken

Provide upon request written reasons to Bidders for any action that is taken in applying these conditions of tender but withhold information which is not in the public interest to be divulged, which is considered to prejudice the legitimate commercial interests of Bidders or might prejudice fair competition between Bidders.

# C1.2 Contract Data

# C1.2 : CONTRACT DATA : JBCC 2000 PRINCIPAL BUILDING AGREEMENT (Edition 4.1 of March 2005)

Project title:	SANITATION RELIEF PROGRAMME FOR ADDITIONAL ABLUTION FACILITIES AT LUKHOZI HIGH SCHOOL	
Request for Quotation No:	SANI 21/22-055	

The Conditions of Contract are clauses 1 to 42 of the **JBCC** series 2000 **Principal Building Agreement** (Edition 4.1 of March 2005) prepared by the Joint Building Contracts Committee.

Copies of these conditions of contract may be obtained from the Association of South African Quantity Surveyors, Master Builders Association, South African Association of Consulting Engineers, South African Institute of Architects, Association of Construction Project Managers, Building Industries Federation South Africa, South African Property Owners Association or Specialist Engineering Contractors Committee.

# **CONTRACT VARIABLES**

#### THE SCHEDULE

The **schedule** contains all the variables referred to in this document and is divided into part 1: contract data completed by the **employer** and part 2: contract data completed by the **contractor.** Part 1 must be completed in full and included in the Bidder documents. Both part 1 and part 2 form part of this **agreement.** 

Spaces requiring information must be filled in, shown as "**not applicable**" or deleted but not left blank. Where choices are offered, the non-applicable items are to be deleted. Where insufficient space is provided the information should be annexed hereto and cross referenced to the applicable clause of the **schedule**. Key cross reference clauses are italicised in [] brackets.

	1) Glass etc. measured in specialist section Metalwork, will be adjusted in terms of the index for that work group unless specifically stated otherwise in the bills of quantities
	2) All electrical installations in buildings and power distribution systems shall be adjusted in terms of the index for Work Group 160 Electrical Installation. In case of uninterruptible power supplies, elevators, escalators and hoists, generating sets, motor-alternator sets and intercommunication systems shall be in accordance with Work Group 170
	3) With reference to Work Group 190 a proportion of the value related preliminaries pro rata to the amount of work excluded from adjustment, shall be excluded from Contract Price Adjustment Provisions, if Option A has been selected for the adjustment of preliminaries
	4) Further to clause 3.4.4 of the CPAP Indices Application Manual, the listing of additional items for exclusion by Bidders, will not be permitted
	5) Where V results in a negative amount after application of the formula in clause 8.3 of the CPAP Indices Application Manual the factor of 0,55 shall be substituted by 1,45
	Alternative Indices: Not Applicable
42.4.7	Details of changes made to the provisions of <b>JBCC</b> standard documentation
[3.10]	Clause 1.1
	COMMENCEMENT DATE – means the date that the agreement, made in terms of the Offer and Acceptance, comes into effect.
	CONSTRUCTION GUARANTEE – means a guarantee at call obtained by the contractor from
	institution approved by the <b>employer</b> in terms of the <b>employer's construction guarantee</b> form as selected in the <b>schedule</b> .
	CONSTRUCTION PERIOD – means the period commencing on the date that possession of the site is given to the contractor and ending on the date of practical completion.
	CORRUPT PRACTICE – means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution.
	<b>FRAUDULENT PRACTICE</b> – means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any Bidder, and includes collusive practice among Bidders (prior to and after the Bidder submission) designed to establish Bidder prices at artificial non-competitive levels and to deprive the Bidder of the benefits of free and open competition.
	<ul> <li>INTEREST – the interest rates applicable on this contract, whether specifically indicated in the relevant clauses or not, will be in terms of the legislation of the Republic of South Africa, and in particular:</li> <li>(a) in respect of interest owed by the employer, the interest rate as determined by the</li> </ul>
	Minister  of Justice and Constitutional Development from time to time, in terms of section 1(2) of the Prescribed Rate of Interest Act, 1975 (Act No. 55 of 1975), will apply; and

(b) in respect of interest owed to the **employer**, the interest rate as determined by the Minister of Finance, from time to time, in terms of section 80(1)(b) of the Public Finance Management Act, 1999 (Act No. 1 of 1999), will apply

**SECURITY** – means the form of **security** provided by the **employer** or **contractor**, as stated in the **schedule**, from which the **contractor** or **employer** may recover expenses or loss.

- 1.6 Any notice given may be delivered by hand, sent by prepaid registered post or telefax. Notice shall be presumed to have been given when:
- 1.6.4 No clause
- 3.2.1 A **construction guarantee** in terms of 14.0, where so elected in his Bid.
- 3.7 Add at the end thereof:

The contractor shall supply and keep a copy of the JBCC Series 2000 Principal

Building Agreement and Preliminaries applicable to this contract on the **site**, to which the **employer**, **principal agent** and **agents** shall have access to at all times.

- 3.10 Replace the second reference to "principal agent" with the word "employer"
- 4.3 No clause
- 5.1.2 under clause 41- Include reference to 32.6.3; 34.3 and 34.4 in terms of which the employer has retained its authority and has not given a mandate to the **principal agent** and in terms of which the employer shall sign all documents
- 10.5 Add the following as 10.5

#### Damage to the works

- a) Without in any way limiting the contractor's obligations in terms of the contract, the contractor shall bear the full risk of damage to and/or destruction of the works by whatever cause during construction of the works and hereby indemnifies and holds harmless the employer against any such damage. The contractor shall take such precautions and security measures and other steps for the protection and security of the works as the contractor may deem necessary
- b) The **contractor** shall at all times proceed immediately to remove or dispose of any debris arising from damage to or destruction of the **works** and to rebuild, restore, replace and/or repair the **works**
- c) The **employer** shall carry the risk of damage to or destruction of the **works** and materials paid for by the **employer** that is the result of the excepted risks as set out in 10.6
- d) Where the **employer** bears the risk in terms of this contract, the **contractor** shall, if requested to do so, reinstate any damage or destroyed portions of the **works** and the costs of such reinstatement shall be measured and valued in terms of 32.0 hereof
- 10.6 Add the following as 10.6

### Injury to Persons or loss of or damage to Properties

a) The contractor shall be liable for and hereby indemnifies the employer against any liability, loss, claim or proceeding whether arising in common law or by statute, consequent upon personal injuries to or the death of any person whomsoever arising out of or in the course of or caused by the execution of the works unless due to any act or neglect of any person for whose actions the employer is legally liable

- b) The **contractor** shall be liable for and hereby indemnifies the **employer** against any liability, loss, claim or proceeding consequent upon loss of or damage to any moveable, or immovable or personal property or property contiguous to the **site**, whether belonging to or under the control of the **employer** or any other body or person, arising out of or in the course of or by reason of the execution of the **works** unless due to any act or neglect of any person for whose actions the **employer** is legally liable
- c) The contractor shall upon receiving a contract instruction from the principal agent cause the same to be made good in a perfect and workmanlike manner at his own cost and in default thereof the employer shall be entitled to cause it to be made good and to recover the cost thereof from the contractor or to deduct the same from amounts due to the contractor.
- d) The contractor shall be responsible for the protection and safety of such portions of the premises placed under his control by the employer for the purpose of executing the works until the issue of the certificate of practical completion.
- e) Where the execution of the works involves the risk of removal of or interference with support to adjoining properties including land or structures or any structures to be altered or added to, the contractor, shall and will remain adequately insured or insured against the death of or injury to persons or damage to such property consequent on such removal or interference with the support until such portion of the works has been completed
- f) The **contractor** shall at all times proceed immediately at his own cost to remove or dispose of any debris and to rebuild, restore, replace and/or repair such property and to execute the **works**
- 10.7 Add the following as 10.7

#### **HIGH RISK INSURANCE**

In the event of the project being executed in a geological area classified as a "High Risk Area", that is an area which is subject to highly unstable subsurface conditions that might result in catastrophic ground movement evident by sinkhole or doline formation the following will apply:

### 10.7.1 Damage to the works

The **contractor** shall, from the **commencement date** of the **works** until the date of the **certificate of practical completion**, bear the full risk of and hereby indemnifies

and holds harmless the **employer** against any damage to and/or destruction of the **works** consequent upon a catastrophic ground movement as mentioned above.

The **contractor s**hall take such precautions and **security** measures and other steps for the protection of the **works** as he may deem necessary

When so instructed to do so by the **principal agent**, the **contractor** shall proceed immediately to remove and/or dispose of any debris arising from damage to or destruction of the **works** and to rebuild, restore, replace and/or repair the **works**, at

the contractor's own costs

#### 10.7.2 Injury to persons or loss of or damage to property

The **contractor** shall be liable for and hereby indemnifies and holds harmless the **employer** against any liability, loss, claim or proceeding arising at any time during

the

period of the contract whether arising in common law or by statute, consequent upon personal injuries to or the death of any person whomsoever resulting from, arising out of or caused by a catastrophic ground movement as mentioned above

The contractor shall be liable for and hereby indemnifies the employer against any and all liability, loss, claim or proceeding consequent upon loss of or damage to any moveable, or immovable or personal property or property contiguous to the site, whether belonging to or under the control of the employer or any other body or person whomsoever arising out of or caused by a catastrophic ground movement, as mentioned above, which occurred during the period of the contract 10.7.3 It is the responsibility of the **contractor** to ensure that he has adequate insurance to cover his risk and liability as mentioned in 10.7.1 and 10.7.2. Without limiting contractor's obligations in terms of the contract, the contractor shall, within the twenty one (21) calendar days of the commencement date but before commencement of the works, submit to the employer proof of such insurance policy, if requested to do so 10.7.4 The employer shall be entitled to recover any and all losses and/or damages of whatever nature suffered or incurred consequent upon the contractor's default of his obligations as set out in 10.7.1; 10.7.2 and 10.7.3. Such losses or damages may be recovered from the contractor or by deducting the same from any amounts still due under this contract or under any other contract presently or hereafter existing between the employer and the contractor and for this purpose all these contracts shall be considered one indivisible whole 14.0 Replace the entire clause 14.0 with the following: 14.0 **SECURITY** 14.1 In respect of contracts with a contract sum up to R1 million, the security to be submitted by the contractor to the employer will be as a payment reduction of five percent (5%) of the value certified in the **payment certificate** (excluding VAT)

- 14.1.1 The payment reduction of the value certified in a **payment certificate** shall be mutatis mutandi in terms of 31.8(A)
- 14.1.2 The **employer** shall be entitled to recover expense and loss from the payment reduction in terms of 33.0 provided that the **employer** complies with the provisions of 33.4 in which event the **employer's** entitlement shall take precedence over his obligations to refund the payment reduction **security** or portions thereof to the **contractor**
- 14.2 In respect of contracts with a **contract sum** above R1 million, the **contractor** shall have the right to select the **security** to be provided in terms of 14.3, 14.4, 14.5, 14.6.
- or 14.7 as stated in the schedule. Such **security** shall be provided to the **employer** within fourteen (14) calendar days from **commencement date**. Should the **contractor**

fail to select the **security** to be provided or should the **contractor** fail to provide the **employer** with the selected **security** within fourteen (14) calendar days from **commencement date**, the **security** in terms of 14.7 shall be deemed to have been selected.

- 14.3 Where the **security** as a cash deposit of ten percent (10%) of the **contract sum** (excluding VAT) has been selected:
- 14.3.1 The **contractor** shall furnish the **employer** with a cash deposit equal in value to ten percent (10%) of the **contract sum** (excluding VAT) within fourteen (14) calendar

days from commencement date

14.3.2	Within fourteen (14) calendar days of the date of <b>practical completion</b> of the
	works the employer shall reduce the cash deposit to an amount equal to three percent (3%) of the contract value (excluding VAT), and refund the balance to the <b>contractor</b>
14.3.3	Within fourteen (14) calendar days of the date of <b>final completion</b> of the <b>works</b> the <b>employer</b> shall reduce the cash deposit to an amount equal to one percent (1%) of the contract value (excluding VAT) and refund the balance to the <b>contractor</b>
14.3.4	On the date of payment of the amount in the final <b>payment certificate</b> , the <b>employer</b> shall refund the remainder of the cash deposit to the <b>contractor</b>
14.3.5	The <b>employer</b> shall be entitled to recover expense and loss from the cash deposit in
	terms of 33.0 provided that the <b>employer</b> complies with the provisions of 33.4 in which event the <b>employer's</b> entitlement shall take precedence over his obligations to
	refund the cash deposit <b>security</b> or portions thereof to the <b>contractor</b>
14.3.6	The parties expressly agree that neither the <b>employer</b> nor the <b>contractor</b> shall be entitled to cede the rights to the deposit to any third party
14.4	Where <b>security</b> as a variable <b>construction guarantee</b> of ten percent (10%) of the <b>contract sum</b> (excluding VAT) has been selected: <b>NOT APPLICABLE</b>
14.4.1	The contractor shall furnish the employer with an acceptable variable construction
VAT)	guarantee equal in value to ten percent (10%) of the contract sum (excluding within fourteen (14) calendar days from commencement date
14.4.2	The variable <b>construction guarantee</b> shall reduce and expire in terms of the Variable <b>Construction guarantee</b> form included in the invitation to Bidder
14.4.3	The <b>employer</b> shall return the variable <b>construction guarantee</b> to the <b>contractor</b> within fourteen (14) calendar days of it expiring
14.4.4	Where the <b>employer</b> has a right of recovery against the <b>contractor</b> in terms of 33.0,
	the <b>employer</b> shall issue a written demand in terms of the variable <b>construction</b> guarantee
14.5	Where <b>security</b> as a fixed <b>construction guarantee</b> of five percent (5%) of the <b>contract sum</b> (excluding VAT) and a five percent (5%) payment reduction of the value certified in the <b>payment certificate</b> (excluding VAT) has been selected:
14.5.1	The <b>contractor</b> shall furnish a fixed <b>construction guarantee</b> to the <b>employer</b> equal in value to five percent (5%) of the <b>contract sum</b> (excluding VAT) within fourteen (14) calendar days from <b>commencement date</b>
14.5.2	The fixed <b>construction guarantee</b> shall come into force on the date of issue and shall expire on the date of the last <b>certificate of practical completion</b>
14.5.3	The employer shall return the fixed construction guarantee to the contractor within
	fourteen (14) calendar days of it expiring
14.5.4	The payment reduction of the value certified in a <b>payment certificate</b> shall be in terms of 31.8(A) and 34.8
14.5.5	Where the <b>employer</b> has a right of recovery against the <b>contractor</b> in terms of 33.0, the <b>employer</b> shall be entitled to issue a written demand in terms of the fixed <b>construction guarantee</b> or may recover from the payment reduction or may do both
14.6	Where <b>security</b> as a cash deposit of five percent (5%) of the <b>contract sum</b> (excluding VAT) and a payment reduction of five percent (5%) of the value certified

in the payment certificate (excluding VAT) has been selected:

14.6.1 The **contractor** shall furnish the **employer** with a cash deposit equal in value to five percent (5%) of the **contract sum** (excluding VAT) within fourteen (14) calendar days

from commencement date

- 14.6.2 Within twenty-one (21) calendar days of the date of **practical completion** of the **works** the **employer** shall refund the cash deposit in total to the **contractor**
- 14.6.3 The payment reduction of the value certified in a **payment certificate** shall be mutatis mutandi in terms of 31.8(A)
- 14.6.4 Where the **employer** has a right of recovery against the **contractor** in terms of 33.0,
  - the **employer** may issue a written notice in terms of 33.4 or may recover from the payment reduction or may do both
- 14.7 Where **security** as a payment reduction of ten percent (10%) of the value certified in the **payment certificate** (excluding VAT) has been selected:
- 14.7.1 The payment reduction of the value certified in a **payment certificate** shall be mutatis mutandi in terms of 31.8(B)
- 14.7.2 The **employer** shall be entitled to recover expense and loss from the payment reduction in terms of 33.0 provided that the **employer** complies with the provisions of 33.4 in which event the **employer's** entitlement shall take precedence over his obligations to refund the payment reduction or portions thereof to the **contractor**
- 14.8 Payments made by the guarantor to the **employer** in terms of the fixed or variable **construction guarantee** shall not prejudice the rights of the **employer** or **contractor** in terms of this agreement
- 14.9 Should the **contractor** fail to furnish the **security** in terms of 14.2 the **employer**, in his sole discretion, and without notification to the **contractor**, is entitled to change the **contractor's** selected form of **security** to that of a ten percent (10%) payment reduction of the value certified in the **payment certificate** (excluding VAT),

whereafter 14.7 shall be applicable

15.1.1 No clause

the

15.1.4 Add 15.1.4 as follows:

An acceptable health and safety plan, required in terms of the Occupational Health and Safety Act, 1993 (Act 85 of 1993), within fourteen (14) calendar days of

#### commencement date.

The abovementioned plan shall also address all additional requirements with regard to

Coronavirus pandemic in terms of all Covid-19 legislation, regulations and guidelines as an additional safe work procedure on site.

15.2.1 Under 41: Amend to read as follows:

"Give the **contractor** possession of the site within five (5) working days of the **contractor** complying with the terms of 15.1.2 and 15.1.4

- 17.1.11 Delete the words "and the appointment of **nominated** and **selected subcontractors**"

31.9 R	eplace "twenty-one (21) calendar days" with "thirty (30) calendar days". Should the			

	Contractor's tax clearance certificate expire during the contract period, the Employer shall be entitled to withhold payment without incurring any liability for interest, until a valid tax clearance certificate is submitted to the Employer, at which point, upon that date, the thirty (30) day period for due date of payment of the invoice shall commence.
31.12	Delete the following: "Payment shall be subject to the <b>employer</b> giving the <b>contractor</b> a tax invoice for the amount due."
32.5.1 32.5.4 and 32.5.7	Add the following to the end of each of these clauses: "due to no fault of the <b>contractor</b> "
32.12	Replace "contractor" with "employer"
33.2	Add the following clauses 33.2.9 to 33.2.13:
33.2.9	the <b>contractor's</b> failure or neglect to commence with the <b>works</b> on the dates prescribed in the contract
33.2.10	the <b>contractor's</b> failure or neglect to proceed with the <b>works</b> in terms of the contract
33.2.11	the <b>contractor's</b> failure or neglect for any reason to complete the <b>works</b> in accordance with the contract
33.2.12	the <b>contractor's</b> refusal or neglect to comply strictly with any of the conditions of contract or any contract instructions and/or orders in writing given in terms of the contract
33.2.13	the <b>contractor's</b> estate being sequestrated, liquidated or surrendered in terms of the insolvency laws in force within the Republic of South Africa
34.13	Replace "seven (7) calendar days" with "thirty (30) calendar days" and delete the words: "subject to the <b>employer</b> giving the <b>contractor</b> a tax invoice for the amount due" as per <b>PPPFA</b>
36.3	Remove reference to "No clause", and replace "principal agent" with "employer"
36.7 37.5 and 38.7	Add the following: "Notwithstanding any clause to the contrary, on cancellation of this this agreement either by the <b>employer</b> or the <b>contractor</b> ; or for any reason whatsoever whatsoever, the <b>contractor</b> shall on written instruction, discontinue with the <b>works</b> on a date stated and withdraw himself from the site. The contractor shall not be entitled to refuse to withdraw from the <b>works</b> on the grounds of any lien or right of retention or on the grounds of any other right whatsoever"
37.3.5 and 38.5.4	Replace "ninety (90)" with "one hundred and twenty (120)
39.3.5	Add the following words at the end thereof: :"within one hundred and twenty (120) working days of completion of such report"
40.2.2	under clause 41 – Replace "one (1) year" with "three (3) years"
40.6	under clause 41 – Remove reference to no clause
40.7.1	Change "(10)" to "(15)"
	Add the following to the end thereof:
	Whether or not mediation resolves the dispute, the parties shall bear their own costs concerning the mediation and equally share the costs of the mediator and related costs.

42.0	PART 2: CONTRACT DATA PROVIDED BY THE CONTRACTOR
42.0.1	The successful <b>contractor</b> must have a built environment professional on his staff or he must employ one for the duration of the contract.
42.0.2	All bids shall remain valid for a period of one hundred and twenty (120) calendar days after the Request for Quotation closing date.
42.0.3	The successful bidder will be required to submit an Approved Health and Safety File within fourteen (14) calendar days upon receipt of the letter of award.
42.0.4	The successful bidder will be required to submit a letter of good standing from the compensation commission or FEMA within fourteen (14) calendar days upon receipt of the letter of award.
42.0.5	The successful Bidder will be required to submit a construction program and contractor's cash flow within twenty one (21) calendar days upon receipt of the letter of award.
42.0.6	At least thirty percent (30%) of the total labour force employed during the execution of the <b>works</b> , shall be from the local community.
42.0.7	Labour rates to be inline with National Minimum Wage Act.

## **SBD 6.1: Preference Points Claim Form**

### **SBD 6.1**

### PREFERENCE POINTS CLAIM FORM

In order to claim preference points, Bidders are to note the following:

- The SBD 6.1 form must be completed and duly signed.
- EME's with an annual total revenue of R3 million or less, are required to submit a sworn affidavit (Construction Charter) confirming their level of black ownership, etc to claim points.

# PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

#### 1. GENERAL CONDITIONS

- 1.1 The following preference point systems are applicable to invitations to tender:
  - the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
  - the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

### 1.2 To be completed by the organ of state

(delete whichever is not applicable for this tender).

- a) The applicable preference point system for this tender is the 90/10 preference point system.
- b) The applicable preference point system for this tender is the **80/20** preference point system.
- c) Either the 90/10 or 80/20 preference point system will be applicable in this tender. The lowest/ highest acceptable tender will be used to determine the accurate system once tenders are received.
- 1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:
  - (a) Price; and
  - (b) Specific Goals.

### 1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
Total points for Price and SPECIFIC GOALS	100

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

#### 2. **DEFINITIONS**

- (a) "tender" means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) "price" means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) "rand value" means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) "tender for income-generating contracts" means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) "the Act" means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

### 3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

### 3.1. POINTS AWARDED FOR PRICE

### 3.1.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

 $Ps = 80\left(1-rac{Pt-P\,min}{P\,min}
ight)$  or  $Ps = 90\left(1-rac{Pt-P\,min}{P\,min}
ight)$ 

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

# 3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

### 3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

$$Ps = 80\left(1+rac{Pt-P\,max}{P\,max}
ight)$$
 or  $Ps = 90\left(1+rac{Pt-P\,max}{P\,max}
ight)$ 

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmax = Price of highest acceptable tender

#### 4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:
- 4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—
  - (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
  - (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

The specific goals allocated points in terms of this tender	Number of points allocated (90/10 system) (To be completed by the organ of state)	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (90/10 system) (To be completed by the tenderer)	Number of points claimed (80/20 system)  (To be completed by the tenderer)
Woman Ownership	2	5		
Ownership with Disabilities	1	2		
Youth Ownership	3	5		
Enterprises located in the Eastern Cape Province	3	6		
Ownership by Military Veterans	1	2		

#### **DECLARATION WITH REGARD TO COMPANY/FIRM**

4.3.	Name of company/firm		
4.4.	Company registration number:		
4.5.	TYPE OF COMPANY/ FIRM		
	<ul> <li>□ Partnership/Joint Venture / Consortium</li> <li>□ One-person business/sole propriety</li> <li>□ Close corporation</li> <li>□ Public Company</li> <li>□ Personal Liability Company</li> <li>□ (Pty) Limited</li> <li>□ Non-Profit Company</li> <li>□ State Owned Company</li> <li>[TICK APPLICABLE BOX]</li> </ul>		

- 4.6. I, the undersigned, who is duly authorised to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the company/ firm for the preference(s) shown and I acknowledge that:
  - i) The information furnished is true and correct;
  - ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
  - iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
  - iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions

of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have –

- (a) disqualify the person from the tendering process;
- (b) recover costs, losses or damages it has incurred or suffered as a result of that person's conduct;
- (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;
- (d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the *audi alteram partem* (hear the other side) rule has been applied; and
- (e) forward the matter for criminal prosecution, if deemed necessary.

## **SBD 6.2: Local Production and Content**

### **SBD 6.2**

# DECLARATION CERTIFICATE FOR LOCAL PRODUCTION AND CONTENT FOR DESIGNATED SECTORS

This Standard Bidding Document (SBD) must form part of all bids invited. It contains general information and serves as a declaration form for local content (local production and local content are used interchangeably).

Before completing this declaration, bidders must study the General Conditions, Definitions, Directives applicable in respect of Local Content as prescribed in the Preferential Procurement Regulations, 2022, the South African Bureau of Standards (SABS) approved technical specification number SATS 1286:2011 (Edition 1) and the Guidance on the Calculation of Local Content together with the Local Content Declaration Templates [Annex C (Local Content Declaration: Summary Schedule), D (Imported Content Declaration: Supporting Schedule to Annex C) and E (Local Content Declaration: Supporting Schedule to Annex C)].

#### 1. General Conditions

- 1.1. Preferential Procurement Regulations, 2022 (Regulation 8) make provision for the promotion of local production and content.
- 1.2. Regulation 8.(2) prescribes that in the case of designated sectors, organs of state must advertise such tenders with the specific bidding condition that only locally produced or manufactured goods, with a stipulated minimum threshold for local production and content will be considered.
- 1.3. Where necessary, for tenders referred to in paragraph 1.2 above, a two-stage bidding process may be followed, where the first stage involves a minimum threshold for local production and content and the second stage price and Spesific Goals
- 1.4. A person awarded a contract in relation to a designated sector, may not sub-contract in such a manner that the local production and content of the overall value of the contract is reduced to below the stipulated minimum threshold.
- 1.5. The local content (LC) expressed as a percentage of the bid price must be calculated in accordance with the SABS approved technical specification number SATS 1286: 2011 as follows:

$$LC = [1 - x / y] * 100$$
  
Where

x is the imported content in Rand

y is the bid price in Rand excluding value added tax (VAT)

Prices referred to in the determination of x must be converted to Rand (ZAR) by using the exchange rate published by South African Reserve Bank (SARB) on the date of advertisement of the bid as indicated in paragraph 3.1 below.

The SABS approved technical specification number SATS 1286:2011 is accessible on http://www.thedti.gov.za/industrial development/ip.jsp at no cost.

- 1.6. A bid may be disqualified if this Declaration Certificate and the Annex C (Local Content Declaration: Summary Schedule) are not submitted as part of the bid documentation;
- 2. The stipulated minimum threshold(s) for local production and content (refer to Annex A of SATS 1286:2011) for this bid is/are as follows:

Description of services, works or goods	Stipulated minimum threshold
Reinforcement Roof coverings Steel windows, doors and frames Sundry metalwork and structural steelwork Gutters and down pipes	100% 100% 100% 100% 100%

uPVC and HDPE pipes	100%
Electrical cables	100%
Fencina	100%

3. Does any portion of the goods or services offered have any imported content?

(Tick applicable box)
YES NO

3.1 If yes, the rate(s) of exchange to be used in this bid to calculate the local content as prescribed in paragraph 1.5 of the general conditions must be the rate(s) published by SARB for the specific currency on the date of advertisement of the bid.

The relevant rates of exchange information is accessible on <a href="https://www.resbank.co.za">www.resbank.co.za</a>

Indicate the rate(s) of exchange against the appropriate currency in the table below (refer to Annex A of SATS 1286:2011):

Currency	Rates of exchange
US Dollar	
Pound Sterling	
Euro	
Yen	
Other	

NB: Bidders must submit proof of the SARB rate (s) of exchange used.

4. Where, after the award of a bid, challenges are experienced in meeting the stipulated minimum threshold for local content the dti must be informed accordingly in order for the dti to verify and in consultation with the AO/AA provide directives in this regard.

PA	RTNERSHIP OR INDIVIDUAL)						
IN I	RESPECT OF RFQ NO. SANI 21/22-055						
ISS	SUED BY: (Procurement Authority / Name of Institution):						
 NB 1	The obligation to complete, duly sign and submit this declaration cannot external authorized representative, auditor or any other third party actibidder.						
2	Guidance on the Calculation of Local Content together with Local Content Declaration Templates (Annex C, D and E) is accessible <a href="http://www.thedti.gov.za/industrial development/ip.jsp">http://www.thedti.gov.za/industrial development/ip.jsp</a> . Bidders should first complete Declaration D. After completing Declaration D, bidders should complete Declaration E and then consolidate information on Declaration C. Declaration C should be submitted with the documentation at the closing date and time of the bid in order to substantiate the declaration made in paragraph (c) below. Declarations D and E should be kept by the bidders for verification purposes for a period of at least 5 years. The successful bidder required to continuously update Declarations C, D and E with the actual values for the duration of the contract.						
l, th	ne undersigned,(fu	ıll names),					
do	hereby declare, in my capacity as						
of .	(name	of bidder entity), the					
foll	owing:						
(a)	The facts contained herein are within my own personal knowledge.						
(b)	I have satisfied myself that:						
	<ul> <li>the goods/services/works to be delivered in terms of the above-specthe minimum local content requirements as specified in the bid, terms of SATS 1286:2011; and</li> </ul>						
(c)	The local content percentage (%) indicated below has been calculated usi in clause 3 of SATS 1286:2011, the rates of exchange indicated in paragethe information contained in Declaration D and E which has been consolined:	graph 3.1 above and					
В	id price, excluding VAT (y)	R					
Imported content (x), as calculated in terms of SATS 1286:2011							
S	tipulated minimum threshold for local content (paragraph 3 above)						
L	ocal content %, as calculated in terms of SATS 1286:2011						

If the bid is for more than one product, the local content percentages for each product contained in Declaration C shall be used instead of the table above.

The local content percentages for each product has been calculated using the formula given in clause 3 of SATS 1286:2011, the rates of exchange indicated in paragraph 3.1 above and the information contained in Declaration D and E.

- (d) I accept that the Procurement Authority / Institution has the right to request that the local content be verified in terms of the requirements of SATS 1286:2011.
   (e) I understand that the awarding of the bid is dependent on the accuracy of the information furnished in this application. Lalso understand that the submission of incorrect data, or data.
- (e) I understand that the awarding of the bid is dependent on the accuracy of the information furnished in this application. I also understand that the submission of incorrect data, or data that are not verifiable as described in SATS 1286:2011, may result in the Procurement Authority / Institution imposing any or all of the remedies as provided for in Regulation 14 of the Preferential Procurement Regulations, 2022 promulgated under the Preferential Policy Framework Act (PPPFA), 2000 (Act No. 5 of 2000).

# THE CONTRACT

Part 4: Scope of Work

# C3.1 Scope of work

# C3.1: SCOPE OF WORKS – JBCC 2000 PRINCIPAL BUILDING AGREEMENT (Edition 4.1 of March 2005)

Project title:	SANITATION RELIEF PROGRAMME FOR ADDITIONAL ABLUTION FACILITIES AT LUKHOZI HIGH SCHOOL
RFQ No:	SANI 21/22-055

# C3. Scope of Works

# 1. GENERAL

# a) EXTENT OF THE WORKS

# The work comprises of:

 Construction of new ablutions (6 cubicles) in the sanitation relief programme

# b) ORDER OF THE WORKS

Commencement of the works after handover, daily progress and completion of the works is critical to the success of the programme and will thus be closely and strictly monitored. Decisive action will be taken against any potential risks that could lead to time over run on the contract period. The bidder is to take specific notice of this, most especially to the penalty clause.

c) BUILDING OCCUPIED

Yes

d) ACCESS - Gravel Road

SWP Safe Work ProcedurePREAMBLE

Each year fatalities, serious injuries and poor attitudes of Contractors mar the reputation of the Construction Industry. The CLIENT has a responsibility to limit its risk by ensuring a zero tolerance and better practice approach to Contractors and those affiliated to a particular project. Thus, a high premium is placed on the health and safety (H&S) of the Client and stakeholders, which include its employees, professional service providers, public and its physical assets.

The responsibilities that the Client and relevant stakeholders have toward its employees are captured in, but not limited to this document. The responsibilities stem from both moral, civil and a variety of legal obligations. The Principal Contractor is to take due cognisance of the above statement.

Where there is an appointed OHS Consultant its behalf, shall provide a site specific Health & Safety Specification (SSHSS) for the project and provide the Principal Contractor/s (PC) making a bid or appointed to perform construction work for the project, or parts thereof.

By drawing up this SSHSS, the Client has endeavoured to address the most critical aspects relating to H&S issues in order to assist the contractor in adequately providing for the health and safety of employees on site.

Should the Client not have addressed all H&S aspects pertaining to the work that is tendered for, the contractor needs to include it in the SSHSP and inform the Client of such issues when submitting the tender, or as soon as identified.

Notwithstanding the above, cognisance needs to be taken of the current Disaster Management Plan, and all the requirements of the current levels of lockdown, standards, guidelines and information published from time to time.

# 2. Purpose of the Site Specific Health and Safety Specification (SSHSS)

The SSHSS is a performance specification to ensure that the Client and any bodies that enter into formal agreements with the Client, Agents, Professional Designers (Engineers, Quantity Surveyors and Architects), Principal Contractors and Contractors achieve an acceptable level of OHS performance.

No advice, approval of any document required by the SSHSS, such as hazard identification and risk assessments, or any other form of communication from the Client shall be construed as acceptance by the Client of any obligation that absolves the Principal Contractor from achieving the required level of performance and compliance with legal requirements. Furthermore, there is no acceptance of liability by the Client, which may result from the Principal Contractor failing to comply with the SSHSS, i.e. the Principal Contractor remains responsible for achieving the required performance levels.

A Mandatary Agreement in terms of Section 37.2 of the OHSA will be signed between parties prior to any works commencing. If the NEC contract is used a copy of the signed contract shall form part of the H&S file submission.

The SSHSS highlights the aspects to be implemented over and above the minimum requirements of current legislation. Requirements may be changed should new risks or issues are identified that could not have been foreseen during the design phase of the project, or during the construction phase. Any new legislation or standards (legislated or determined by the Client) that are promulgated or accepted during the contract will automatically be applied.

Environmental management shall receive due attention as per the requirements of the Environmental Control Officer (ECO), but will be managed by the ECO directly if applicable to the project.

# 2.1 Project description/detailed scope of work as it applies to the project (Details as per the scope of work)

The Scope of work as identified by the Stakeholders is as follows:

- Preliminary and General
- Breaking
- Painting
- Carpentry
- Brickwork
- Roof Work
- Asbestos Work

The works shall be done in accordance with the applicable SANS 1200 specifications, Municipal By-laws and Regulations, variations and additions to the standardized specifications applicable to this contract and the technical specifications of the Client for work that falls outside of the standardized specifications.

# 2.2 Programme Description

Clarification Meeting	TBA
Time allowed for preparation of H&S plan/file after tender award	
Approval date of SSHSP	Within 1 week after submission but subject to content as per this requirement, for more than one review.
Induction dates	To be advised after Approvals of H&S Plan/file
Estimated Commencement date of work on site	Subject to approval of H&S Plan.
Estimated Project completion date or project duration	Dependant on site establishment and site hand over
Project term	

# 3. Implementation of the Site Specific Occupational Health and Safety Specifications (SSHSS)

The site specific H&S specification (SSHSS) forms an integral part of the Contract, and PCs are required to make it an integral part of their Contracts with Contractors and Suppliers. A SSHSS will be available for each level of Contract and Contractor and must be complied with.

This specification must be read in conjunction with the OHSA, Regulations (as amended) and any other standards relating to work being done and ensure compliance thereto. The information relative to the scope of the project, the works etc. are detailed in the tender, are to be considered when developing the SSHSP and associated documentation. The summary of risks is included in Section 2 of the SSHSS.

The OHSA S.37.2 Mandatory Agreement must be fully completed by the PC, supplied by the Client. These documents shall be deemed to form part of the returnable Contract Documents.

No work may commence without written approval of the SSHSP by the H&S Agent, or the responsible person of the Client.

Should there be design changes, or change in the scope of works, an amended SSHSS may be issued. Where amended SSHSSs are issued, the PC will be required to ensure a resubmission of an amended SSHSP for approval. Further to this, the PC must ensure that similar information must be provided as it applies to the works to all their Contractors, within 5 working days following notification thereof. Such design changes.

The OHS Consultant will visit the project at least bi-monthly to ensure compliance and limit risk. All activities on the site and all appropriate documentation will be monitored and reported on to the Client and the Designer.

Non-conformances will be issued, and penalties or work stoppage will be issued where appropriate. Communication between the OHS Consultant and the PC will be through the Designer (or Client's responsible person) as determined at the commencement of the project.

# 3.1 Requirements at Start Up

A site specific H&S Plan (SSHSP) in response to this SSHSS will be subject to approval by the OHS Consultant within the stipulated time period as noted in the tender. This must include all supporting documentation as required to verify the H&S system:

- A declaration to the effect that the PC has the competence and necessary resources to carry out the work safely in compliance with the Occupational Health and Safety Act and its Regulations;
- A valid Letter of Good Standing;
- Detailed technical method statements along with, and aligned with the project programme for review by the Principal Agent, Designer and appropriate risk assessments and safe work procedures for approval by the OHS Consultant or Client:
- Site establishment including:
  - A procedure must be drafted relative to protection/ prevention of injury to persons other than PC employees, during undertaking of such construction activity.
  - Exposure of services, power, telecommunication etc.;
  - o Arrangements for hoarding, traffic accommodation if applicable:
  - Excavating for services;
  - o An emergency plan indicating how and where emergencies will be handled, and
  - Working at heights (if applicable).

Further method statements are to be submitted prior to, and during the project where changes or new work is required, and the approval of the Principal Agent/Client is required before work on that aspect or activity can commence The construction CHSO (CHSO) is to be included in production planning sessions/meetings to ensure that the appropriate risk assessments, safe work procedures and communication required are available and completed timeously.

Penalties will be applied should this not be adhered to and deemed a serious offence.

### 4. GENERAL REQUIREMENTS

# 4.1 Summary of Risks identified during Design

The intention of the summary of findings from the design risk assessment is to highlight the residual risks identified during the design phase. The full design risk assessment can be found in the tender document.

The summary of risks provided is to point the contractor towards some risks he may not be aware of during tendering stage and while developing his formal risk assessments for the project.

The design risks and the management thereof should be included in the PC risk assessments. Where there are other Contractors appointed to do work, the PC is to ensure that Contractors include such information in their risk assessments.

The summary is to be developed following the completion of the Design risk assessment, and to include the residual risks as they apply to the project.

PHASES OF THE PROJECT	RESIDUAL RISKS IDENTIFIED TO BE MANAGED (as applicable)			
Site Establishment	Bringing in containers, fitting with electricity, phone and fax, toilet hire.			
	Hoarding, security and access to be managed and in place.			
Site Clearance	Traffic accommodation, movement of heavy construction vehicles, use hand			
	tools, chainsaws, use of local labour and contractors.			
Earthworks	Open excavations, use of plant and machinery, use of lifting equipment for			
	laying storm water concrete pipes, electrical hand tools plant and equipment			
	during paving. Noise monitoring.			
Ancillary Roadworks	Use of chemicals, excavation and use of hand tools.			

Housekeeping, stacking and storage	The area is adequate to ensure housekeeping and stacking and storage	
	principles are followed. However, the children need to be kept well away from	
	all work areas including the site camp, and notices to be clear in warning of	
	dangerous construction activities. Care and increased attention to ensure all	
	materials and vehicles are carefully managed and designated routes are used.	
General	Use of local labour, and contractors, CLO to do regular information sessions.	
	High winds and inclement weather require monitoring for all working at heights	
Painting	Hand mixing may occur, 50kg paint drums are an ergonomic risk from	
	handling. Potential eye, skin and respiratory irritant from paint fumes	
	exposure, chromates.	

# 4.2 Specified Hazardous Chemical Substances

The following lists of products or substances are those which have been identified as likely to be used on the project. This list is not inclusive and other products may be considered. Where the PC is likely to supply the product as the product has not been specified, safety data sheets (SDSs) need to be considered prior to all selections.

PRODUCTS/SUBSTANCES/RISKS	POTENTIAL HEALTH OR OTHER RISKS	
Cement	Hand mixing may occur, 50kg bags are an ergonomic risk from handling. Potential eye, skin and respiratory irritant from dust exposure, chromates.	
Cement/Silica dust	Caused by cutting, grinding, sanding of any concrete/granite/tiled surface/masonry.	
Wood dusts	Caused by cutting, sanding, drilling wooden products treated Viz fencing poles.	
Mineral turpentine	Applying paint and cleaning of paint brushes. Potential eye, nose, skin and respiratory irritant.	
Paint	Splashes into eyes, onto skin causing irritation.	
Cleaning materials	Use of disinfectants and sanitizers	

# 5. OCCUPATIONAL HEALTH & SAFETY MANAGEMENT

# 5.1 Structure and Organization of H&S Responsibilities

An organogram will be available to identify key appointments and responsibilities on site and be kept up to date throughout the project.

# 5.1.1 Notification of Commencement of Construction Work

The PC shall notify the Provincial Director of the Department of Employment and Labour (DEL) in writing, in the form of the Annexure in the CRs. This shall occur within 7 days of the award of the contract. Proof of submission and/or receipt must be provided and kept in the H&S file.

Where changes to the conditions given in the submission are required (i.e. Contractors, completion dates, increase in workers), a revised Annexure A must be submitted to the DEL. The completion date is to include the defect and liability period. A copy of the notification form and any further submissions/correspondence must be kept in the H&S file.

#### 6. HEALTH AND SAFETY PLAN FRAMEWORK

The H&S aspects related to the project outlined in the previous sections are to be taken into account when drawing up the H&S Plan. The PC is required to demonstrate competence by providing an H&S system that will address the requirements of the project.

The current legislative requirements, SABS codes, SANS 10400 and any other standards that may guide practice are to be taken into consideration. The following aspects must be addressed in the SSHSP, as they have been identified in section 2, as playing a role in reducing the overall risk of a particular activity, or section of the project. The OHS Agent may from time to time request additions or systems as they relate to the works or legislative requirements at the time.

The PC is to prepare a site layout drawing to indicate at least the following to submit with the H&S plan:

- The positions of site offices of all Contractors, toilets, drinking water and worker rest areas;
- Indicate the positions of emergency planning and equipment and first aiders;
- Protection of plant and public, indicate parking, designated vehicular routes and access to site;
- Storage areas (materials and equipment, waste etc.), and
- Storage of materials and waste;

Such layouts are to be updated regularly throughout the project.

Cognisance is to be given to those permanent employees who are over 60 years of age, and younger workers who have underlying chronic health issues such as high blood pressure, diabetes, TB, HIV and AIDS etc. Specialised workers who are indispensable will need to be declared fit for work by an occupational health service provider.

Key appointments and succession planning is to be available to ensure those who are playing key roles are able to cover the project at all times.

The project Organogram is to be updated accordingly and signed and dated at each update.

# 6.1 Appointment of Competent Site Personnel

The CEO (OHSA S16.1 or 16.2) of the PC will take overall responsibility for the appointment of competent site staff for the duration of the project. Should the CEO not be personally involved in the project, the H&S responsibilities are to be delegated to the Site Agent (OHSA 16.2). Knowledge and training in H&S are required and certificates indicating H&S training as well as experience to be included in CVs.

All other legal appointments are to be made with relevance to the type of work required and kept current with the project programme. The construction team is to ensure the appointed CHSO is kept up to date with all planned activities, to ensure all H&S requirements are met.

All construction/technical method statements are to be generated by senior site personnel, and the appropriate risk assessments developed therefrom in conjunction with the CHSO.

The SSHSP shall include the following, but is not limited to the following key appointments:

# 6.1.1 Construction Supervision

Competent supervisors will be appointed to manage part or all of the works and have training and/or experience in the area of responsibility, regarding CR 8.1, 8.2 and 8.7. All site supervisors must show evidence of appropriate training in H&S, and an understanding or training in areas of responsibility (i.e. risk assessments, method statements etc.).

Curriculum Vitae (CVs) are to be submitted for approval by the Principal Agent, and/or Client. The Supervisor will be held responsible for the safety of working teams and subordinates, housekeeping and stacking and storage of materials.

# 6.1.2 Construction Health and Safety Officer

The PC shall employ at least one competent, CHSO for the duration of the contract. The CHSO's CV is to be submitted for approval by the OHS Agent or the Client, at time of tender

The PC is to ensure adequate resources are provided in order to undertake all responsibilities (i.e. mobile phone, computer and internet access, etc.).

Qualifications shall include at least Grade 12, SAMTRAC/NEBOSH/Diploma in H&S qualifications or similar, with exposure to civil engineering and similar road construction, with at least 5 years' experience, given the level of project complexity preferably in an OHS capacity. He should also have undergone training in the Act and Regulations. In the case of a contract where contractors are employed, the CHSO must have a competence to evaluate the Contractors Health and Safety plans and be registered with the SACPCMP as a CHSO.

This person may not hold any other position on the site staff. The site supervisor may not act as the CHSO. The CHSO appointed for the project will be held responsible for all H&S on the project.

- Senior site staff and supervision, Contractors are to follow systems, instructions etc. given by the CHSO at all times;
- No new workers or Contractors may commence work without approval or following the SSHSP as submitted;
- No inductions of any Contractors' staff until the H&S documentation is approved by the CHSO, and
- The CHSO may not be removed or replaced without the approval of the H&S Agent, nor may the site be left unattended for more than 1 day without adequate, competent cover.

A monthly report of all H&S activities and incidents is required by the end of the first week of each month, or at a date agreed to by the OHS Consultant /Client and the CHSO. An example of the monthly report is attached as an Annexure D

The CHSO will be responsible for collating the H&S documentation at the close out of the project in electronic format, properly labeled and filed. A list of the typical aspects that should be provided is available as Annexure B to this document. The PC is to ensure that all Contractors documentation follows the same requirements and closed out. H&S documentation must be completed and be available with the close out of the main contract, or as determined at the time.

Failure to do so will be considered a serious offence and penalties applied. Failure could also result in retentions or project certification not being issued to the PC.

# 6.1.3 Traffic Safety

The CHSO will be responsible for ensuring that daily traffic management is adequately managed.

No worker may be transported in, or on the rear of construction vehicles (bakkies included), or with plant and materials to, on, or from site. The number of passengers in any vehicle is limited to what is stated on the license disc. Vehicles used to transport workers to, from, or on site, shall have secure seats and be covered. No canopies may be used.

While this is difficult to control by the PC, induction training needs to include such information so workers can protect themselves. An on-site transportation policy needs to be available for how such transportation will be made safe and limit any opportunity for cross infection. Disinfection of vehicles needs to be determined where possible, and sanitizers provided prior to boarding and recommended during transit.

Each worker is to be encouraged to wear a cloth mask while travelling, and this needs to be enforced if using company transport.

Penalties will be issued for non-compliances noted.

# 6.1.4 Health and Safety Representatives and H&S meetings (if applicable)

H&S Representatives representing workers and Contractors are to be appointed following the start up of the project, irrespective of the number of workers on site. The appointed H&S Representatives are to be actively involved with H&S and will assist the CHSO and site management in meeting legislative duties.

All internal and external OHS Agent audits are to be discussed, as well as all H&S related issues at all internal production or progress meetings.

Failure to do so will be deemed to be a moderate offence.

# 6.1.5 Appointment of Competent Contractors and Suppliers, short term works (if applicable)

The PC is to ensure compliance with the Clients minimum standards and all legislative requirements. The same H&S standards required of the PC are to be applied to all Contractors. An index of all Contractors and Suppliers is to be on file and kept updated at all times. The PC is to ensure there is sufficient funding for H&S compliance by each Contractor.

The following minimum aspects are applicable to any Contractor appointed:

- The CHSO is to ensure a Contractors appointment and approval of H&S documentation at least seven (7) working days prior to commencing work;
- No Contractor may work under the PCs Compensation registration number. If required, the PC may assist SMMEs with their registration with the Compensation Commissioner (CC). However, such Contractors will not be able to commence work until proof of registration or Letter of Good Standing has been received, and
- No work may commence without Mandatary agreements between parties in place.

Suppliers or short-term works (surveying, repairs, servicing, deliveries etc.) also require H&S Management. Cognisance is to be taken of the level of risk involved and the CHSO is to ensure the level of H&S documentation is appropriate and appropriately managed.

Failure to provide written approval of H&S documentation will be considered a serious offense, and could result in aspects of, or all the activities being stopped, and penalties implemented.

#### 7. GENERAL RISK MANAGEMENT

# 7.1 Health Risks and Medical Surveillance

The appropriate SDSs are to be obtained for all products and used to develop the H&S documentation as they relate to the works. Many of the processes are labour intensive and ergonomic risks are to be noted. All workers (including Contractors) are to be included in the medical surveillance programme.

Workers will be exposed to noise, dust, and physical risks from extended periods of work of a repetitive nature, materials specified and the general nature of the works.

All permanent workers (including those of Contractors) are required to be in possession of a medical certificate of fitness prior to arrival on site that must be less than 12 months old. An exit medical will be required where the project exceeds 6 months in duration. Arrangements for keeping medical records for the required time are to be noted. A procedure for managing the medical records which require safekeeping for prescribed periods are to be addressed, specifically for the asbestos exposed workers.

Given the potential health risks the following aspects are to be included in each medical surveillance intervention:

- Full medical, surgical and occupational history;
- Full physical examination of all systems, and
- Referral if required for the management of identified health issues that may affect the worker.

Specific testing for existing conditions and limitations relative to exposure could include, but are not limited to:

- Audiometry (hearing tests);
- Spirometry (lung function tests) are not to be done until deemed safe to do so, and
- Any other tests identified as relevant from chemical or specifically identified risks of exposure

Failure to do so will be considered a serious offence.

## 8. Training

Training of site personnel in H&S in the revised areas of work is required, mainly through induction between the Client and specific groups of employees. The CHSO is to determine training requirements and to report on needs or completed training in their reports and audits.

Records of all training, and acknowledgement of such training by attendees must be kept. Comprehensive records of all employees under the PCs control attending induction or any other training throughout the project shall be included. Amendments to statutes, the SSHSS, PSHSP, policies, procedures, method statements etc. shall require that all those affected shall undergo the relevant re-training.

# 8.1 Site Induction and other training

The PCs shall ensure that all employees, and contractors have undergone the induction programme for visitors or contractors, or any other that is deemed necessary.

Appropriate time must be set-aside for training (induction and other) for all employees. No person will be able to commence work or visit the site where the induction has not been done.

All employees and visitors on site from either the Client or the PC shall carry the proof of induction training in form of an induction card. Client Induction is valid for a year from the date it was conducted and thereafter refresher induction shall be re-scheduled at least one month before the induction period expires.

Both parties shall keep a database of all records pertaining to induction and will inform Contractors of pending expiry though the overall responsibility of maintaining current induction cards still lies with the principal contractor. All induction cards issued must be returned on completion of the project to the Issuer.

Toolbox talks to be conducted outdoors when possible in order for persons to maintain social distancing. Where inclement weather does not allow for this, toolbox talks to be conducted with smaller groupings of workers in a sheltered area large enough to maintain social distancing.

# 8.2 Noise Risks

All plant from plant hire companies (suppliers) or that of the PC is to come to site with the appropriate testing completed and be compliant with the Noise Induced Hearing Loss Regulations. Plant identified that has not been tested and marked for noise emissions will result in having to be tested or removed from site. Failure to do so within a reasonable time period will result in such plant being removed from site.

Suitable SANS approved hearing protective equipment shall be issued and worn where noise levels are identified as equal to or greater than 85 dB.

### 8.3 Asbestos Work

Only a registered asbestos contractor may do work which entails asbestos material. An Approved Inspection Authority must be consulted and Asbestos regulations complied to.

Failure to do so will be considered a serious offence.

# 9. Emergency Procedures

A simple emergency plan and procedure that is appropriate to the risks is required prior to commencement on site. It is advised that the system should be simple and easy for any worker to follow. The plan may be adapted should new information or risks are identified.

The procedure shall detail the response plan in relation to the works, and include at least (but are not limited to) the following key elements:

Appointment of a competent emergency response co-ordinator

- Fire, public injury, asbestos;
- o Falls from heights;

- o Serious injury to workers (medical or work-related), and
- Any other major risks identified during risk assessments

The emergency plan is to ensure the inclusion of local service providers. Such arrangements should be made with these persons prior to the commencement of the project. The general principals of emergency management are to be applied as it applies to the hierarchy of control and management.

# 9.1 Fire, First Aiders and First Aid Equipment

At least 1 first aider will be trained to level 1. First aiders shall be available and accessible on site at all times and be able to work as a team when responding to any emergency on the project. The number of First aiders will be determined by the complexity and exposed risks of the project, not numbers of workers.

Contractors are expected to ensure compliance and provide/manage their own first aiders and equipment.

Appropriately stocked first aid kits are to be available at all times and to assure continual availability and access on site.

Fire extinguishers will be appropriate for the risk and in sufficient numbers to deal with the type of fires that could occur. All mobile plant is to have fire extinguishers. Hot work permits are required for any such activities.

Failure to comply with emergency provisions will be considered a serious offence, and the operation or project may be stopped if deemed inadequate for the work at the time of assessment or site inspection.

# 9.2 Incident Management and Compensation Claims

All incidents and accidents are to be investigated. All serious incidents involving any form of disabling injury or fatality are to be reported to the Principal Agent/Client /OHS Agent immediately. This shall be confirmed in writing following the incident. Full details are to be included in each site meeting or when the Client visits site. A summary of incidents is to be included in the monthly report.

Failure to comply with emergency provisions will be considered a serious offence, and the operation or project may be stopped if deemed inadequate for the work at the time of assessment or site inspection.

# 10. Personal Protective Equipment (PPE) and Clothing

The PC is to provide a procedure as an addendum to indicate how PPE is managed within the Company. The wearing of the identified SANS approved PPE at all times is non-negotiable and is to be linked to the risk assessments. The PC shall ensure that all workers (Including Contractors) are issued with and shall wear:

- Hard hats:
- Protective footwear;
- Eye protection;
- Hearing protection;
- Reflective jackets (no bibs);
- At least 3 cloth masks (for general wear);
- Respiratory protection (minimum of FFP2) or as deemed required by the AIA, and
- Any other necessary PPE identified from SDSs and/or risk assessments.

Adequate quantities of PPE shall be available. This shall include necessary PPE for visitors. The procedures for managing PPE are to be in a formal procedure submitted with the SSHSP for approval.

Any person (including Client, Agents, etc.) found on site without the necessary PPE will be removed from site until the PPE is supplied and worn.

Failure to comply will result in penalties being applied.

# 11. Occupational Health and Safety Signage

On-site H&S signage is required as well as standard H&S information. Signage shall be posted up at fixed or temporary working areas, or other potential risk areas/operations. These signs shall be in accordance with the requirements of the General Safety Regulations or SANS requirements as amended. Signage is to be noted on the site drawings indicating where fixed/temporary signage is required and appropriate to the risks identified in risk assessments.

Signs shall be posted at areas of work on site indicating that a construction site is being entered and that persons should take note of H&S requirements.

Failure to comply will result in penalties being applied.

# 12. Induction of Employees and Visitors, General H&S Training

A simple, formal induction programme is to be submitted as an addendum for approval with the H&S plan. Inductions must be carried out for all workers and visitors (including Client, Designers) to the site.

Daily, pre-task training is required to ensure workers are familiar with the risks and H&S measures of the work or tasks to be done. Records to be kept in the H&S file.

Any person found on site without proof of induction will be removed from site until the proof is supplied and, and a **penalty issued per non-compliance.** 

# 13. Management of Plant and Equipment

The CHSO will ensure control of all plant and equipment, including daily monitoring, prior to commencing work. Full lists of hired and own plant are to be available at the OHS Consultant /Client audit. All daily inspection records are to be kept in the H&S file, or Contractors where plant and equipment is brought onto site. Registers are not to be more than 1 week behind.

Only competent, fit plant operators are to be used. Medical certificates of fitness are required for all operators.

Any plant or slings used to lift plant or material require annual load testing by an AIA, and all certificates must have the testers LMI/E number. Operators are to be adequately trained and certified to operate mobile cranes or crane trucks. Certificates and registers are to be placed in the H&S file.

Failure to do so will be considered a serious offence.

# 14. Excavations (if applicable)

A procedure for managing excavations is to be provided as an addendum to the SSHSP describing how excavations are to be managed.

A competent person is to be appointed for managing all excavations. A permit system is to be available and used for all excavations. All equipment and ground conditions to be checked daily, and prior to work commencing.

Excavations should preferably not be open beyond what can be closed daily. Where excavations need to remain open, all excavations are to be properly protected. Adequate stakes with 1m high demarcation and berms/spoil are required to be a safe distance from the edge of the angle of repose. Candy tape may not be used to demarcate excavations. Cognisance is required of the surrounding area and increased levels of protection are required where work is in communities, near schools and clinics or churches.

Work will be stopped, and penalties applied to any work in excavations that is not compliant.

### 15. Working at heights (if applicable)

A fall protection plan is to be available and supplied as an addendum to the H&S plan. The fall protection plan must be appropriate for the project. Proof of competency must be on file for the Fall Protection Plan Developer and the appointment of a Fall Protection Supervisor with competency to be on file. Method statements, appropriate risk assessments, safe work procedures and training (all employees are to be in possession of a valid working at heights certification) are to be available prior to work commencing.

The focus for working at height shall include fall restraint systems where possible except during assembling or dismantling top components or where it is not deemed safe. The relevant SANS codes are to be applied as they apply to the works and the project, such as:

- SANS 10085
- SANS 10333 (parts 1-3)

Should part of the works be contracted out, competent Contractors are to be appointed and submit documentation according to the project requirements. The PC is to note if such work is to be contracted to specialists in the H&S Plan. the plan is to be developed and work managed by a competent person for the duration of the project. The following aspects must be included:

- · The public or users of buildings are to be protected at all times by way of hoarding, barricading or fencing
- Notices to be posted
- Restrictions or stoppage when weather conditions are deemed hazardous
- Permit system for working at heights
- Prevention of falling tools or equipment
- Link to emergency plan regarding rescue

All workers are to be in possession of valid certificates of fitness that extend for the duration of the works. Note the requirements in the section relating to medical surveillance.

Registers and all relevant documentation are to be placed in the H&S file.

Work will be stopped, and penalties applied to any work at heights that is not compliant.

# 16. Cranes and lifting equipment (if applicable)

Lifting devices such as mobile cranes might be used during the project for deliveries, and moving of supplies or equipment,

Appropriate documentation must be made available for the cranes and operators. Method statements, risk assessments, safe work procedures and training are to be available prior to work commencing. A procedure for managing loads and lifting must be made available as an addendum to the H&S Plan.

Chains, slings and webbing to have valid safe working load certification on file, should the documentation not be on site, the operation may be stopped, and fines imposed until such documentation may be delivered.

# 17. Temporary Works (Scaffolding, support work, formwork) (if applicable)

Temporary works must be properly designed and signed off by the PCs competent person for all temporary scaffolds, support work or formwork. In these instances, a competent person is defined as one who has sufficient experience in the design of the type of temporary work in question to be able to assess the design. The appropriate competent persons are to be appointed to manage and monitor such works to the satisfaction of the Engineer and OHS Agent. Records and registers are to be properly completed and kept in the H&S file. If temporary works are to be erected by a Contractor, this must be notified to the Principal Agent/OHS Agent.

Failure to do so will be considered a serious offence.

# 18. Auditing

Frequency of external auditing by the OHS Agent or Client will be bi-monthly to conform to the requirements of the Construction Regulations. The site will be inspected, and the documentation audited relative to the activities and H&S plan. The CHSO of the PC must accompany the Client, or the H&S Agent, on all audits and inspections.

The PC will ensure that all their Contractors are audited on a monthly basis, dependent upon the time to be spent on the site. Audit frequency may be increased if Contractors are not performing adequately. Audit results will be acted upon and non-conformances and penalties issued where deemed appropriate. The Client, Designer or OHS Agent may act or require further outcomes if non-compliances are noted or unsafe acts are noted on site.

Internal audits are to include site conditions as well as ensuring H&S files are appropriate, and compliant. Comprehensive audit reports are to be made available the format of the audit reports will be reviewed by the H&S Agent.

The PC will be audited using a template as supplied in the tender document. The audit template will be adjusted from time to time relative to the activities on site. A similar process is to be used by the PC when auditing their Contractors on site. Compliance with legislative requirements and the systems provided by the PC to manage the H&S on site will be measured. Full compliance is required. Time limits for corrective actions will be set and must be adhered to.

Failure to address findings or non-conformances will be considered a serious offence.

### 19. Communication and Meetings on Site

All H&S communication during the project between the OHS Consultant and the PC will be done through the Principal Agent and be in writing, including the issue and responses to non-conformances and H&S audit results.

Failure to address issues timeously will be considered a serious offence.

# 20. Care of Workers on Site (Welfare)

Adequate toilets, clean, safe drinking water and weather protected shelter will be afforded workers at all times. Toilets will be within reasonable distance of workers, or placed with each working team in safe, with reasonable privacy.

Hand washing facilities, disinfectants and sanitizers will be provided across the site at common areas and entrances to work areas.

Failure to ensure compliance will be considered a serious offence, work will be stopped if con-conformances noted until corrected.

# 21. HEALTH AND SAFETY FILE

The documentation submitted and approved following the awarding of the contract will be used to form the H&S file. The H&S file is required to be laid out in a logical manner, and documentation filed within the file is to be easily accessible.

The following completed information shall be included (but not be limited to) as part of the index:

- The SSHSS;
- The SSHSP and the approval by Client;
- Appointment by Client;
- Mandatory agreement with Client;
- Notification of construction work;
- A record of all working drawings, calculations and design where applicable;
- Detailed list of Contractors with contact details, appointments, Mandatories etc., H&S specifications issued;
- Record of Competencies (CVs) and appointments;
- Training Records;
- · Permits;
- Method statements;
- Risk assessments;
- Safe work procedures;
- · Emergency and injury management;
- Safety data sheets
- Medical surveillance records;
- Registers;
- Records of audits, minutes etc.;
- Plant lists;
- Temporary electrical installations, and
- Employee records (who is on site).

#### 22. NON-CONFORMANCES

Should, at any time, the works, or part of the works, be stopped due to unsafe acts or non-compliance with the Clients or PCs H&S Plan; neither the PC nor any other Contractor shall have a claim for extension of time or any other compensation.

The following constitute examples of the types of non-conformances that will attract penalties:

Minor: Penalty: R50/count	Medium: Penalty: R500/count and a non- conformance	Severe Penalty: R5000/count, a non- conformance and/or activity stoppage
Non-use of PPE supplied	Toilets not supplied or regularly serviced; lack of drinking water	Contractors working without Health and Safety Plan approval
Non-completion of registers for plant and equipment on site	Contractors not audited	Workers transported in contravention of the OHS plan or legal requirements
Lack of H&S signage at work areas	Working without training or the appropriate, approved H&S method statements	Invalid Letters of Good Standing
Tools and equipment identified in poor condition during inspections	Legal non-conformances identified during the previous audit and not addressed within the agreed time frame	Non-compliance with traffic accommodation requirements: layout or physical conditions
	No monthly OHS report at site meeting to report on	Any serious breach of legal requirements
	No certificates of fitness for workers as required	
	Working without approved method statements	

# 23. Failure to Comply with Provisions

Failure or refusal on the part of the PC or their Contractors to take the necessary steps to ensure the safety of workers and the general public in accordance with these specifications or as required by statutory authorities or ordered by the engineer, shall be sufficient cause for the engineer to apply penalties as follows:

- (i) A penalty as shown in the Table above shall be deducted for each and every occurrence of non-compliance with any of the requirements of the SSHSS.
- (ii) In addition, a time-related penalty of R500,00 per hour over and above the fixed penalty may be deducted for non-compliance to rectify any non-conformance within the allowable time after a site instruction to this effect has been given by the Designer. The site instruction shall state the agreed time, which shall be the time in hours for reinstatement of the defects. Should the Contractor fail to adhere to this instruction, the time-related penalty shall be applied from the time the instruction was given.

### 24. Public safety

The Principal Contractor shall ensure at all times that staff, and general public are aware of the dangers and risks involved whilst construction is taking place.

- Safety signage / posters shall be posted at all areas where construction work is taking place;
- Edges, excavations, stockpile areas, material storage areas, will be demarcated and no entry signage appended;
- Safety talks with employees shall be done, all employees shall be involved in keeping the site safe;
- CLO shall be given talks to do with the community members who are directly involved;
- A record of all training shall be kept, and indemnity documents shall be signed by those attending the safety talks
- Community unrest shall be handled by the local SAPS. CLO shall assist the Contractor should the need arise.

• No visitors to site are allowed unless proper arrangements are made.

# ANNEXURE A CLOSE OUT REQUIREMENTS

The H&S files for the Principal Contractors and all Contractors require closure and handover to the Client at the completion of the project. The following list is an example of what should be included but is not exhaustive. The OHS Consultant or the Client may require further information at the time of completion and the Principal Contractor is to ensure that all instructions are met. Documentation would include all records from the start of the project. Daily or monthly plant inspection records are not required unless they are related to an accident. All records to be in electronic format and submitted to the OHS agent for approval in adequately formatted lists and folders. Layout should be logical and in the same order as in the site files.

Health and Safety close out file requirements include:

- a) Client H&S Specification
- b) Principal Contractor's OHS Plan(s)
- c) Organograms
- d) Legal Appointments
- e) List of all employees employed on a permanent or contractual basis over the duration of the contract
- f) Notification to Department of Labour of commencement of work
- g) Letters of Good Standing for the Project
- h) Full files for all Contractors as well as their close out reports
  - List of Contractors
  - All employees employed on a permanent or contractual basis over the duration of the contract
  - Letters of Approval of Contractors
  - Mandatary Agreements
  - · Letters of Good Standing
  - Appointments
- i) Incident Records
- j) Non- Conformance records
- k) Agent's Audits
- Method Statements
- m) Risk assessments
- n) Safe work procedures
- o) Medical surveillance certificates of fitness. Medical records are to be kept according to the OH&S Act as amended
- p) All drawings for temporary structures (suspended beams/scaffolds etc.)
- q) All operating manuals for any systems that require ongoing maintenance
- r) Copies of test results, policies and procedures for environmental monitoring (silica, noise, dusts etc.)

# **Defect and Liability Period**

The H&S files are to be kept 'live' for the defect and liability period by the Principal Contractor, including those of their Contractors. Any work required during the defect and liability period will require an assessment of the H&S file by the OHS Consultant to any work commencing.

A copy drawing records for the as-builts are to be placed on file by the Designers once complete

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

	HAZARD	RISK	MINIMUM CONTROL MEASURES
1.	Electrical commission	Electrical shock	<ul> <li>Personnel to comply with permits to work issued by client.</li> <li>Personal protective equipment to be worn by employees to prevent electrical shock.</li> <li>First aid treatment to be readily available.</li> <li>Only competent and trained persons may decommission or commission electrical equipment.</li> </ul>
2.	Excavations (working in and around	Toxic fumes Collapse of trench walls/trapping Falling into excavation Collapse of adjacent structures	<ul> <li>Deep excavation/ Monitor air for toxic fumes.</li> <li>Prevent collapse by battering back sides to safe angle or install temporary support.</li> <li>Protect vehicles from falling into excavations, provide barriers, signage, etc. as necessary.</li> <li>Beware of undermining of other structures (e.g. building, scaffolds).</li> <li>Record excavations inspections by competent person on daily basis.</li> <li>Provide suitable means of access/egress in case of emergency.</li> <li>Excavations formed by explosives must be accompanied by method statement approved by client.</li> </ul>
3.	Explosive actuated fastening devices	Noise Being stuck by cartridge or fixing	<ul> <li>Operators to be trained, competent and wear appropriate protective equipment, e.g. goggles, gloves, ear plugs and head protection.</li> <li>Cartridge gun to be in good condition, inspected for damages and faults regularly and results entered register.</li> <li>Used and unused cartridges gun should be kept in a secure place when not in use, maintain register for return and issue.</li> </ul>
4.	Explosive use	Injuries to personnel and by-passers Property damage	<ul> <li>Blaster must have all relevant permits, permission and licenses in place before blasting.</li> </ul>

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

			<ul> <li>Method statement must be approved.</li> <li>Maintain exclusion zone around perimeter of blasting, warn persons away, erect warning signage and barriers.</li> <li>Obtain permission from local authority and police.</li> <li>Blaster must be competent in blasting.</li> <li>Ensure blasting does not affect stability of adjacent structures/building.</li> </ul>
5.	Fire	Injuries to workers, pedestrians, residents, road users, damage to property through fire.	<ul> <li>No littering on site which could become a fire hazard, maintain site in clean condition.</li> <li>No fires to be lit on site, have a working fire extinguisher at hand all times.</li> <li>No smoking or naked flames near flammable substances or in unauthorised areas.</li> <li>Ensure proper storage/use of petrol/diesel/flammable substances, post warning notices</li> </ul>
6.	Flammable liquids	Fire Explosion	<ul> <li>No littering on site which could become a fire hazard, maintain site in clean condition</li> <li>Have a working fire extinguisher at all times.</li> </ul>
7.	Asbestos Cement pipes	Release of asbestos fibres	<ul> <li>Ensure safe access and egress is provided.</li> <li>Erect physical barriers to prevent entry by unauthorised persons, as applicable.</li> <li>Damp down exposed area to contain fibre release.</li> <li>Personnel involved to wear asbestos respiratory protection.</li> <li>Only Department of Labour registered asbestos contractors may work with asbestos, and strictly in accordance with the requirements of the Asbestos Regulations.</li> </ul>

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

8.	Asbestos	Person falling from height	- Notice to be erected informing
	Cement removal	Debris falling from height Falling of equipment or tools Release of asbestos fibres	personnel of fragile roofs, as applicable.  Ensure of safe access and egress in provided.  Erect physical barriers to prevent entry by unauthorised persons and falls from heights, as applicable.  Roof sheets to be sprayed with water to prevent fibre release, where feasible.  Take extreme care to remove sheets whole. Where breakage occurs damp down exposed area to contain fibre release.  Personnel involved to wear respiratory protection.  Exclusive zone may be required under area of sheet removal to prevent injury from falls of material from heights.  Only Department of Labour registered asbestos contractors may work with asbestos, and strictly in accordance with the requirements of the Asbestos Regulations.
9.	Asphalting	Fire Burns to skin Skin disease	<ul> <li>Suitable fire extinguisher to be place prior to commence of works</li> <li>Ensure competent personnel using material and competent and trained machinery/equipment operators.</li> <li>Ensure there is a safe workplace at all time.</li> <li>Ensure all personnel wear sufficient personal protective equipment (PPE) including safety boots, reflective vests and gloves.</li> <li>Health and safety data sheet required.</li> </ul>
10.	Bricklaying	Caustic contamination with mortar Contact with sharp blade tools	<ul> <li>Use only trained personnel.</li> <li>Safe means of access to be provided.</li> </ul>

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

•			T
			<ul> <li>Safe/suitable working platform required where working at height.</li> <li>PPE for mortar to include gloves where practical and goggles/ masks where there is a risk of contamination</li> </ul>
11.	Brush cutting	Injury from contact with blade/nylon Fire (where petrol used) Electrocution (where electrical tools are used)	<ul> <li>Person using brush cutter must be trained and competent.</li> <li>Use PPE such as goggles, safety boots, ear protection, gloves, hard hat.</li> <li>Brush cutter must be in good condition and maintained.</li> <li>Adequate supervision on site at all times.</li> <li>No smoking when refuelling, fire extinguisher to be on hand (where petrol is used)</li> </ul>
12.	Chainsaw use	Falling tree or branches causing injury to persons Incorrect use of chainsaw causing injury	<ul> <li>Person using chainsaw must be trained and competent</li> <li>Use PPE such as goggles, safety boots, ear protection, gloves, hard hat, chainsaw trousers and jackets.</li> <li>Chainsaw must be in good condition including guards.</li> <li>Clear area below area of chainsaw use and where tree felling.'</li> <li>When using chainsaw at height practise safety procedures</li> </ul>
13.	Plumbing	Falling material Fall from height Fire Burns Exposure to lead flames	<ul> <li>Ensure standard safety procedures are followed at all times</li> <li>Only used trained and competent personnel</li> <li>Ensure there is a safe working area at all times.</li> <li>Ensure material are stored neatly</li> <li>Ensure there is a safe access and egress at all times.</li> <li>Ensure all personnel wear suitable and sufficient PPE.</li> <li>Consider a hot works permit system prior to commencing of any hot works.</li> <li>Make sure emergency procedures are in place and ensure all</li> </ul>

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

			personnel are aware of where to go in case of fire.
14.	Plastering	Falling material Fall from height Contact with materials	<ul> <li>Ensure standard safety procedures are followed.</li> <li>Ensure there is a safe working area.</li> <li>Ensure safe access and egress.</li> <li>Ensure competent personnel are used.</li> </ul>
15.	Plant or vehicles and equipment operation	Workers injured by passing traffic Road users and pedestrians at risk from plant operation Noise	<ul> <li>Implement traffic protection measures.</li> <li>Trained and competent operators must be used.</li> <li>Check plant and vehicles on daily basis before use and record inspections. Maintain vehicles in safe condition.</li> <li>Medical certificates of fitness required for construction plant.</li> <li>Crossing of road by construction vehicles or machines must be limited to the practical minimum.</li> <li>Plant and vehicles must be fitted with amber rotating beacons and reverse alarms.</li> <li>Wear appropriate PPE</li> </ul>
16.	Pilling	Falls Struck by machine Exposure to noise	<ul> <li>Personnel to be trained and competent, pilling rig to be in safe condition and inspected on a daily basis on a register by competent personnel.</li> <li>Empty pilling holes not to be left unguarded.</li> <li>Only approach pilling plant on signal from operator.</li> <li>Personnel to wear PPE such as ear plugs.</li> </ul>
17	Paving (laying)	Impact injuries from tile/ mallet Caustic burns Sore knees Cuts from cutter	<ul> <li>Impervious gloves to be worn/ barrier cream to be used</li> <li>Kneelers or similar to be available.</li> <li>Personal protective equipment to be worn.</li> </ul>
18	Painting	Contact with paint	<ul> <li>Refer to safety data sheet for usage instructions, hazards and precautions required.</li> </ul>

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

19	Overhead services (Working near)	Contact with live services causing injury to personnel Damage caused to services	<ul> <li>When working at height, refer to risk assessment addressing this hazard.</li> <li>Maintain safe clearance levels.</li> <li>Establish presence of any services via proper walk through survey of site and/ or means service drawings.</li> <li>Wear personal protective clothing.</li> <li>Ensure height of plant/ vehicles</li> </ul>
20	Noise and Dust	Droothing in dust say says	does not compromise or exceed clearance levels from service provider.
20	Noise and Dust	Breathing in dust can cause long term health problems, noise can damage hearing	<ul> <li>Wear respiratory and hearing protection.</li> <li>Dampen down and minimise dust where possible.</li> </ul>
21	Night work	Security Lighting	<ul> <li>The contractor shall not undertake any night work without prior arrangement and written permit from the client.</li> <li>The contractor shall ensure that adequate lighting is provided for all night work and failure to do so shall result in work being stopped</li> </ul>
22	Compacting and filling	Contact with tipping materials Contact with moving plant Vehicles/personnel falling into excavations Contact with underground services	<ul> <li>Trained banks man to control vehicle movement</li> <li>Only trained personnel to use plant</li> <li>Personnel to stand clear as materials are being tipped</li> <li>Use stop blocks and signs to warn vehicles of excavations, where applicable</li> <li>Stand clear of plant whilst material is being compacted</li> <li>Establish position of underground services and protect services from damage.</li> </ul>
23	Concrete pumping	Sprains and strains Hit by pump Concrete burns Collapse/bursting of structure	<ul> <li>Personnel to be in clear vision of pump operator</li> <li>Trained pump operator</li> <li>Personnel working with the concrete to wear the appropriate equipment to protect against cement burns</li> </ul>

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

	<u> </u>	Ī	Daries (false)
			<ul> <li>Design of structure being loaded to be approved by competent designer and inspect before, during and after loading.</li> <li>Pump to be well maintained</li> </ul>
24	Compactor operations	Crush of feet	<ul> <li>Only trained and competent personnel to use the machine</li> <li>Ensure operators wear steel toe caps shoes or boots at all times</li> </ul>
25	Confined spaces	Fumes	<ul> <li>Ensure that confined spaces is sufficiently ventilated</li> <li>Wear personal protective equipment such as proper masks if air supply insufficient or not of sufficient quality.</li> <li>Test oxygen levels in confined space to ensure that is safe for entry</li> <li>Ensure that emergency procedures are in place</li> </ul>
26	Cutting Kerbs	Saw slipping, blade disintegrating	<ul> <li>Only trained operators to use saw and change blades.</li> <li>PPE must be worn, gloves, goggles, dust mask and hearing protection.</li> <li>People to be kept away from the work area.</li> <li>Work to cease if people have to pass</li> <li>Sparks etc. To be directed away from people and any flammable material.</li> </ul>
27	Cutting Off Disc	Noise Cuts from machine Fire (particularly at refuelling) Flying debris Blade shattering Contamination by fume created or exhaust fume	<ul> <li>Use competent personnel</li> <li>Hot works control, fire extinguisher, fire watch man. (permit may be required).</li> <li>PPE to include gloves, eye protection, hearing protection.</li> <li>Solid working position</li> <li>Clear working area</li> <li>Correct grade of blade must be used</li> <li>Good ventilation to be provided (Forced if necessary)</li> <li>Changing of wheels to be by competent persons only</li> </ul>

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

28	Demolition	Falling materials premature collapse of structure	<ul> <li>Cutting discs must not be used for grinding (grinding disc thicker).</li> <li>Bystanders to wear hearing protection, as applicable.</li> <li>Ensure there is current method statement in place</li> <li>Ensure all emergency procedures are in place and all details are displayed.</li> <li>Ensure that structural demolition has been approved by designer and</li> </ul>
29	Kerb Laying	Nips at joints Crushing by kerbs Caustic burns	site management  Impervious gloves and barrier cream to be used to protect hands.  Personnel should be aware of safe manual handling techniques when handling kerbs.
30	Lead – working with removal of tiles	Toxic effects from exposure to lead and its compounds Risk of inhalation, ingestion and absorption Personnel falling from height Debris falling from height	<ul> <li>Demarcation of the workplace</li> <li>Restriction of entry by unauthorised persons</li> <li>Restriction of substances that can release airborne lead to certain areas</li> <li>Limit number of workers exposed to lead</li> <li>Regular cleaning of workplaces and equipment</li> <li>All employees who are exposed to lead must be provided with suitable and adequate PPE</li> <li>Lead is to be packed in impermeable containers that are tightly sealed and clearly marked for removal.</li> <li>The need for medical surveillance and the nature thereof is to be based on both risk assessment and air monitoring results and safety legislations.</li> </ul>
31	Lifting Operations	Falling material Crushing by material Hand injuries to the slinger Toppling crane	<ul> <li>Check test certificate</li> <li>Check examination certificate</li> <li>Check inspection have been carried out</li> </ul>

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

			<ul> <li>Check certificates for lifting equipment (chains, slings, shackles,</li> </ul>
32	Fragile Materials	Person or items falling through fragile materials	etc.)  - All fragile materials to be identified and protected prior to work commencing.  - Protection to include either covering the fragile materials or excluding activity.  - Any coverings to be secured in place  - The location of the fragile materials to be indicated by signage
33	Hand tools	Injuries caused by use of hand tool Impact with the tool Falls due to access problems Contamination with substance being worked	<ul> <li>Ensure:</li> <li>Tool is correct for the job</li> <li>Tool is in good order and suitably sharp</li> <li>Personnel must be competent/instructed in tool usage and tool safety</li> <li>Lighting is sufficient</li> <li>Access is safe, working platform is secure, leading edge is guarded</li> <li>Operative is wearing all necessary PPE</li> </ul>
34	Hazardous Substances	Injuries to workers through use of hazardous substances, e.g. injuries to eyes, skin, etc	<ul> <li>Use substances in accordance with the safety data sheet particularly reference protective clothing required. (example: gloves, goggles, etc.)</li> <li>Know what first aid measures are.</li> <li>Have welfare facilities available for washing of hands, etc</li> </ul>
35	Hot Works	Burns to eyes or other parts of the body	<ul> <li>PPE to include eye protection, kin and ear protection.</li> <li>Respirator maybe be required where cutting galvanized steel or anywhere else toxic fumes and gases arise.</li> <li>Dust can also be a problem and forced ventilation may be required</li> </ul>
36	Mobile Crane Erection & Dismantling and Use	Collapse of structure Overturning structure Falling Materials	<ul> <li>Ensure emergency procedures are in place and all operative are aware of the details</li> </ul>

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

			<ul> <li>Only used trained and competent operators for the erection and dismantling and use of cranes</li> <li>Ensure crane driver is trained and hold certification as proof. Must have a valid medical fitness certificate</li> <li>Ensure crane is 360 degrees vision if not ensure a fully trained banks man is available at all times.</li> <li>Banksman to wear reflector vest to identify him/herself to the crane driver</li> <li>Ensure all personnel wear suitable and sufficient PPE</li> </ul>
37	Members of the public – Protection Of	Injury to the member of the public and road users from site works	<ul> <li>Consider creating an exclusion area</li> <li>Barriers and signage to be in place</li> <li>Workers must warn away members of the public from the works</li> <li>Footpaths and bridges which are open to the public must be closed off if in the area of works otherwise made safe so that no injury to a member of the public occurs</li> <li>Traffic turning into site – traffic management and signage is required</li> <li>Signage to be on the road at site entrance warning motorists that construction traffic turning into/out of site access. Keep roads free of mud where possible</li> <li>Refer to plant risk assessment for details on plant safety precautions</li> <li>NOTE: SIGNAGE TO BE POSTED ON SITE TO WARN OF CONSTRUCTION MOVEMENTS. SAFE MEANS OF ACCESS FOR BOTH CONSTRUCTION TRAFFIC TO SITE AND PROVATE HOMEOWNERS MUST BE AGREED</li> </ul>
38	Manhole Rings & Pipe Storage	Rolling of rings Collapse of pipes Crushing of persons Stockpile collapse	<ul> <li>Manhole rings must be stored flat to prevent them being rolled</li> <li>Banks of stock pipes are not to be broken until they are ready to be used</li> </ul>

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

39	Temporary Works – Shoring, Scaffolding, falsework, formwork	Collapse of works	<ul> <li>Personnel must stand to the side when breaking bands so as not to be hit by falling pipes</li> <li>Pipes must be wedged to prevent rolling</li> <li>Wear PPE such as gloves and goggles</li> <li>Formwork must be built by trained person and also be inspected by competent person and results entered into register on site/</li> </ul>
40	Tower (Mobile Aluminium Tower) Scaffold	Overturning Falls	<ul> <li>Tower to be on firm level ground with wheels or feet properly supported</li> <li>Erection by competent person</li> <li>Inspection before first use</li> <li>Weekly record of inspection required</li> <li>Guard rails and toe boards as per normal scaffold</li> <li>Beware when moving of overhead obstructions, such as power lines</li> <li>Never move in strong winds</li> </ul>
41	Underground Services	Striking of buried services	<ul> <li>Make all necessary enquiries to establish what services are in the area</li> <li>Assume all services to be live (unless confirmation Is received to confirm that services are isolated or otherwise made safe.</li> <li>Comply with requirements of the safe system of work for underground services</li> <li>Where available locate services with a locator</li> <li>Hand dig around services</li> </ul>
42	Working at height	Personnel falling from height Falling debris Those beneath being injured	<ul> <li>All access equipment is properly constructed (inspection record must be maintained)</li> <li>Only trained personnel construct, dismantle or control access equipment</li> <li>All equipment must have full toe boards and guard rails, Comply</li> </ul>

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

			with SANS10085 on erection, use and dismantling scaffolding  No access equipment to be loaded above its safe working load  No access equipment to be loaded above the level of the guardrail  Where working involves leaning out an open leading edge, then all personnel are to be fitted with a full body harness. The harness must be connected at all times  All fall arrest equipment to be correctly maintained  Ensure if ladders used for access, they are either footed or tied.
43	Precast slab/ Unit laying and fixing	Falls Falling material Manual handling	<ul> <li>Emergency procedures are in place and personnel explained details</li> <li>Use competent personnel</li> <li>Ensure suitable and sufficient access and egress is provided</li> <li>Safe place of work must be provided</li> <li>Ensure all personnel wear correct PPE</li> <li>Exclusion zone may be required for protection against risk of falling objects</li> </ul>
44	Road Construction	Risk of being struck by vehicles	<ul> <li>Ensure traffic management measures in place</li> <li>No construction activities to commence until adequate provision made to accommodate traffic in accordance with the South African road signs manual</li> <li>Wear reflective waist coats when working on or near the road and road shoulder as well as any either required PPE clothing</li> <li>Crossing of road by personnel must be limited to the practical minimum</li> <li>Use of fencing or other barriers as appropriate.</li> </ul>
45	Road Marking	Contact with moving vehicles	- Ensure suitable and sufficient road signs are erected, as applicable

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

	T	1	
46	Rope Access	Personnel falling from Height Falling debris	<ul> <li>Possible road or lane closure may be required, traffic management may be required</li> <li>Fire extinguisher to be situated in a suitable area, use dry powder or foam</li> <li>Ensure:</li> <li>Competent person is appointed in writing to supervise all rope access</li> </ul>
		Falling debris Those beneath being injured	<ul> <li>writing to supervise all rope access on the site</li> <li>Compliance with Construction regulations particularly section 10 &amp; 18</li> <li>All rope access work is carried out under supervision of a competent person</li> <li>All rope access operators are competent and licensed to carry out their work</li> <li>The design, selection and use of the equipment and anchors comply with safety standards incorporated for this purpose into these regulations under section 44 of the act.</li> <li>Site specific fall protection plan must be developed by a competent person applicable to the specific work and environment prior to the commencement of the work including all records of maintenance and inspections of all equipment used for the work</li> </ul>
47	Steel fixing	Back injuries caused by	operations - PPE must include safety boots and
		manual handling Eye injuries from tie wire Trips/Falls Falling from height	goggles  - Manual handling training may be required  - Care to be taken when near overhead lines  - Use only trained personnel  - Provide safe means of access  - Maintain and regularly inspect all lifting appliances and equipment

PROJECT: DoE Small Projects COMPILED BY: Ntokozo Ngwenya

	<u></u>	<u></u>	
			<ul> <li>Cap starter bars to prevent injuries where feasible</li> <li>Construct scaffold walkway to cross reinforcing mesh, as required</li> </ul>

### **AGREEMENT WITH MANDATARY**

# WRITTEN AGREEMENT ENTERED INTO AND BETWEEN

	(Hereinafter referred to as the Employer)	
	and	
	(Hereinafter referred to as The Employee)	
ompensation Fund		

Whereas the Company called under contract no	for the executing of the following
At	("Premises"
and whereas the contractor	

Undertook to carry out the work and whereas the client contractor have agreed to regulate as between them and as provided for in terms of section 37(2) of the Occupational Health and Safety Act, No 85 of 1993, now therefore the undersigned agree to:

- 1. The Contractor warrants that all his and his contractors' employees are covered in terms of the provisions of the Compensation for Occupational Injuries and Diseases Act 1993 (the Act) which cover shall remain in force whilst any such employees are on the premises.
- 2 The Contractor warrants that he is in possession of the following insurance cover which shall remain in force whilst he and/or his Contractor and/or his employees are present on the premises or which shall remain in force for the duration of his contractual relationship with the client whichever period is the longest:
  - Public liability insurance covers.
  - Any other insurance cover that will adequately make provision for any possible losses and/or claims arising from his and/or his contractors and/or his Employees' acts and/or omissions on the premises.
- 3. The Contractor undertakes to ensure that he and/or his contractors and/or their respective employees will at all times comply with all the requirements of the Act and without derogating from this general undertaking, also comply with the following conditions:
  - All work performed on the premises must be performed under the close supervision of the contractor's employees who are trained to understand the hazards associated with any work that the contractor performs on the stated premises.
  - The Contractor shall assume the responsibility in terms of Section 16(1) of the Act. If the Contractor delegates any duty in terms of Section 16(2), a copy of such written delegation shall immediately be forwarded to the Client.
  - The Contractor shall ensure that he familiarize himself with the requirements of the Act, and that he, his employees and any Contractor comply with them.
  - The Contractor shall conduct a hazard analysis and ensure that his and any contractor employees are made aware of the hazards identified. This analysis needs to be reviewed prior to a new tasks are commenced.

The Contractor must provide the Client with written proof that his employees and those of the sub contractor have been made aware of the hazards identified. The Contractor must provide the Client with up dated copies of the analysis.

- Discipline regarding Occupational Health and Safety shall be strictly enforced.
- Personal Protective Equipment as defined in the Act and regulations shall be issued free of charge by the Contractor and worn as prescribed.
- Safe work practices shall be enforced and all employees shall be made conversant with the contents of these practices.
- No unsafe equipment/machinery and/or articles will be allows and/or used on the premises.
- All incidents referred to in Section 24 of the Act shall be reported by the Contractor to the Department of Labour as well as to the client. The Client shall further be provided with copies of all documentation relating to any incident.
- The Client hereby obtains an interest in the issue of any formal inquiry conducted in terms of Section 32 of the Act into any incident involving a Contractor and/or his employees and/or his Contractor.
- No use shall be made of any machinery/article/substance/personal protective equipment that belongs to the Client without prior written approval.
- Work for which the issuing of a permit is required shall not be performed prior to the obtaining of a duly completed and approved permit.

- No alcohol or other intoxicating substance shall be allowed on the premises. Anyone found to be or suspected of being under the influence of alcohol or any other intoxicating substance shall be removed from the premises.
- Full participation shall be given if and when Client employees inquire into Occupational Health and Safety
- The Contractor expressly agrees to comply with the procedures and arrangements as required by the Act in the execution of the work.
- 4. The Contractor confirms; that he has been informed that he must report to Client management ;(in writing) anything that he deems to be unhealthy and/or unsafe and that he has versed his employees and/or contractors in this regard.

5.	The Contractor warrants that he shall not endanger the health and safety of any of the Client's employees in any way whilst performing any work on the premises.

### **C3.4** Contractors Reports

### CONTRACTOR MONTHLY REPORT

PART 1

Project No:	Project Name:
Contract No:	
Contractor Name:	
Claim No:	For Period Ending:
Date of Report:	

The Contractors monthly report comprises an integral part of the Contractors payment claim and processing of the payment claim is not permitted without this report also being submitted i.e.

"NO REPORT - NO PAYMENT".

#### **Attachments:**

Part 2: Overall Project Worker Schedule: Schedule of all local labourers

employed since the start of the project

Part 3: Weekly Task Wage Register

Part 4: Local Labour Schedule

Part 5: Beneficiary List (certified copy of ID's)

### **Additional Requirements:**

- When contractor recruit local labourers, they must produce a 13 digit identity document and a certified copy of the ID must be forwarded to the DRPW Regional EPWP representative
- 2. That at least one disabled person be recruited and employed on the project and reported as such
- 3. A daily attendance register should be kept on site
- 4. Each beneficiary must **sign** the payment sheet, as proof that they have been paid.
- 5. At the bottom of the contractors report, the site agent or CLO or contractor must sign the document as proof that the people indicated have worked the number of days
- 6. Employment of local labourers should constitute the following:
  - a. 55% women
  - b. 55% young people
  - c. the minimum wage rate to be paid is in accordance with the National Minimum Wage Act, 1 March 2023 of the latest Published Act.

### Part 5: Pricing Data

### **C2.1** Pricing Instructions

## C2.1: PRICING INSTRUCTIONS JBCC 2000 PRINCIPAL BUILDING AGREEMENT (Edition 4.1 of March 2005)

Project title:	SANITATION RELIEF PROGRAMME FOR ADDITIONAL ABLUTION FACILITIES AT LUKHOZI HIGH SCHOOL
RFQ No:	SANI 21/22-055

### 1. BILLS OF QUANTITIES

The **bills of quantities** forms part of and must be read and priced in conjunction with all the other documents forming part of the **contract documents**, the Standard Conditions of Bid, Conditions of Contract, Specifications, Drawings and all other relevant documentation.

#### 2. VALUE ADDED TAX

The bid price must include for Value Added Tax (VAT). All rates, provisional sums, etc. in the **bills of quantities** must however be net (exclusive of VAT) with VAT calculated and added to the Total Value thereof in the Final Summary.

#### 3. PREVIOUS WORK

The bidder is to acquaint themselves with the site thoroughly before pricing. Adjustment of prices will not be entertained after the award of the contract.

C2.2 Preliminaries / Bill of Quantities / Final Summary

C2.2 Preliminaries / Bill of Quantities / Final Summary

Item No		Quantity	Amount	
NO	PRELIMINARIES			
	MEANING OF TERMS "TENDER / TENDERER"			
	Any reference to the words "Tender" or "Tenderer" herein and/or in any other documentation shall be construed to have the same meaning as the words "Bid" or "Bidder"			
	PRELIMINARIES			
	The JBCC Preliminaries Code 2103, May 2005 edition for use with the JBCC Principal Building Agreement Edition 4.1 Code 2101, March 2005 is taken to be incorporated herein. The tenderer is deemed to have referred to these documents for the full intent and meaning of each clause. These clauses are referred to by number and heading only. Where standard clauses or options are not applicable to the contract such modifications or corrections as are necessary are given under each relevant clause. Where an item is not relevant to this specific contract such item is marked. "N/A" signifying "Not Applicable".			
	PRICING OF PRELIMINARIES			
	Should Option A, as set out in clause B10.3.1 hereinafter be used for the adjustment of preliminaries then each item priced is to be allocated to one or more of the three categories Fixed, Value Related or Time Related and the respective amounts entered in the spaces provided under each item			
	Items not priced in these Preliminaries shall be deemed to be included elsewhere in these Bills of Quantities.			
	SECTION A: JBCC PRINCIPAL BUILDING AGREEMENT			
	DEFINITIONS			
1	A1 DEFINITIONS AND INTERPRETATION			
	Clause 1.0			
	Clause 1.1 Definition of "Commencement Date" is added:			
	"COMMENCEMENT DATE" means the date that the agreement, made in terms of the Form of Offer and Acceptance, comes into effect			
	Clause 1.1 Definition of "Construction Guarantee" is amended by replacing it with the following:			
				_
	Carried to Collection	R		
	Bill No. 1 Preliminaries			

"CONSTRUCTION GUARANTEE" means a guarantee at call obtained by the contractor from an institution approved by the employer in terms of the employer's construction guarantee form as selected in the schedule Clause 1.1 Definition of "Construction Period" is amended by replacing it with the following: "CONSTRUCTION PERIOD" means the period commencing on the commencement date and ending on the date of practical completion Clause 1.1 Definition of "Corrupt Practice" is added: "CORRUPT PRACTICE" means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in conract execution Clause 1.1 Definition of "Fraudulent Practise" is added: "FRAUDULENT PRACTICE" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any tenderer and includes collusive practice among tenderers (prior to or after the tender submission) designed to establish tender prices at artificial noncompetitive levels and to deprive the tenderer of the benefits of free and open competition. Clause 1.1 Definition of "Interest" is amended by replacing it with the following: "INTEREST" means the interest rates applicable on this contract, whether specifically indicated in the relevant clauses or not, will be the rate as determined by the Minister of Finance, from time to time, in terms of section 80(1)(b) of the Public Finance Management Act, 1999 (Act No. 1 of 1999). Clause 1.1 Definition of "Principal Agent" is amended by replacing it with the following: "PRINCIPAL AGENT" means the person or entity appointed by the employer and named in the schedule. In the event of a principal agent not being appointed, then all duties and obligations of a principal agent as detailed in the agreement shall be fulfilled by a representative of the employer as named in the schedule Clause 1.1 Definition of "Security" is amended by replacing it with the following: "SECURITY" means the form of security provided by the employer or contractor, as stated in the schedule, from which the contractor or employer may recover expense or loss **Carried to Collection** R Bill No. 1 **Preliminaries** 

	Clause 1.6 is amended by replacing the works "prepaid registered post, telefax or e-mail" with "prepaid registered post or telefax"

10.5 Da	amage to the Works		
(a)	Without in any way limiting the <b>contractor's</b> obligations in terms of the contract, the <b>contractor</b> shall bear the full risk of damage to and/or destruction of the <b>works</b> by whatever cause during construction of the <b>works</b> and hereby indemnifies and holds harmless the <b>employer</b> against any such damage. The <b>contractor</b> shall take such precautions and security measures and other steps for the protection and security of the <b>works</b> as the <b>contractor</b> may deem necessary		
(b)	The <b>contractor</b> shall at all times proceed immediately to remove or dispose of any debris arising from damage to or destruction of the <b>works</b> and to rebuild, restore, replace and/or repair the <b>works</b>		
(c)	The <b>employer</b> shall carry the risk of damage to or destruction of the <b>works</b> and material paid for by the <b>employer</b> that is the result of the excepted risks as set out in 10.6		
(d)	Where the <b>employer</b> bears the risk in terms of this contract, the <b>contractor</b> shall, if requested to do so, reinstate any damage or destroyed portions of the <b>works</b> and the costs of such reinstatement shall be measured and valued in terms of 32.0 hereof		
10.6 lnj	jury to Persons or loss of or damage to Properties		
(a)	The <b>contractor</b> shall be liable for and hereby indemnifies the <b>employer</b> against any liability, loss, claim or proceeding whether arising in common law or by statute, consequent upon personal injuries to or the death of any person whomsoever arising out of or in the course of or caused by the execution of the <b>works</b> unless due to any act or neglect of any person for whose actions the <b>employer</b> is legally liable		
(b)	The <b>contractor</b> shall be liable for and hereby indemnifies the <b>employer</b> against any liability, loss, claim or proceeding consequent upon loss of or damage to any moveable or immovable or personal property or property contiguous to the <b>site</b> , whether belonging to or under the control of the <b>employer</b> or any other body or person, arising out of or in the course of or by reason of the execution of the <b>works</b> unless due to any act or neglect of any person for whose actions the <b>employer</b> is legally liable		
(c)	The <b>contractor</b> shall, upon receiving a <b>contract instruction</b> from the <b>principal agent</b> , cause the same to be made good in a perfect and workmanlike manner at his own cost and in default thereof the <b>employer</b> shall be entitled to cause it to be made good and to recover the cost thereof from the <b>contractor</b> or to deduct the same from amounts due to the <b>contractor</b>		
	Carried to Collection	R	
Bill No. Prelimir			

(d)	The <b>contractor</b> shall be responsible for the protection and safety of such portions of the premises placed under his control by the <b>employer</b> for the purpose of executing the <b>works</b> until the issue of the <b>certificate of practical completion</b>		
(e)	Where the execution of the <b>works</b> involves the risk of removal of or interference with support to adjoining properties including land or structures or any structures to be altered or added to, the <b>contractor</b> shall obtain adequate insurance and will remain adequately insured or insured to the specific limit stated in the contract against the death of or injury to persons or damage to such property consequent on such removal or interference with the support until such portion of the <b>works</b> has been completed		
(f)	The <b>contractor</b> shall at all times proceed immediately at his own cost to remove or dispose of any debris and to rebuild, restore, replace and/or repair such property and to execute the <b>works</b>		
10.7 H	igh risk insurance		
"High I condition	event of the project being executed in a geological area classified as a Risk Area", that is an area which is subject to highly unstable subsurface ons that might result in catastrophic ground movement evident by sinkhole ne formation the following will apply:		
10.7.1	Damage to the works		
of the of indemred destruction	certificate of practical completion bear the full risk of and hereby nifies and holds harmless the employer against any damage to and/or cition of the works consequent upon a catastrophic ground movement as ned above. The contractor shall take such precautions and security res and other steps for the protection of the works as he may deem sary		
procee damag	so instructed to do so by the <b>principal agent</b> , the <b>contractor</b> shall d immediately to remove and/or dispose of any debris arising from e to or destruction of the <b>works</b> and to rebuild, restore, replace and/or the <b>works</b> , at the <b>contractor's</b> own costs		
Bill No.	Carried to Collection	R	_
Prelimi			

10.7.2 Injury to persons or loss of or damage to property		
The <b>contractor</b> shall be liable for and hereby indemnifies and holds harmless the <b>employer</b> against any liability, loss, claim or proceeding arising at any time during the period of the contract whether arising in common law or by statute, consequent upon personal injuries to or the death of any person whomsoever resulting from, arising out of or caused by a catastrophic ground movement as mentioned above		
The <b>contractor</b> shall be liable for and hereby indemnifies the <b>employer</b> against any and all liability, loss, claim or proceeding consequent upon loss of or damage to any moveable or immovable or personal property or property contiguous to the <b>site</b> , whether belonging to or under the control of the <b>employer</b> or any other body or person whomsoever arising out of or caused by a catastrophic ground movement, as mentioned above, which occurred during the period of the contract		
<b>10.7.3</b> It is the responsibility of the <b>contractor</b> to ensure that he has adequate insurance to cover his risk and liability as mentioned in 10.7.1 and 10.7.2. Without limiting the <b>contractor's</b> obligations in terms of the contract, the <b>contractor</b> shall, within twenty-one (21) <b>calendar days</b> of the <b>commencement date</b> but before commencement of the <b>works</b> , submit to the <b>employer</b> proof of such insurance policy, if requested to do so		
10.7.4 The employer shall be entitled to recover any and all losses and/or damages of whatever nature suffered or incurred consequent upon the contractor's default of his obligations as set out in 10.7.1; 10.7.2 and 10.7.3. Such losses or damages may be recovered from the contractor or by deducting the same from any amounts still due under this contract or under any other contract presently or hereafter existing between the employer and the contractor and for this purpose all these contracts shall be considered one indivisible whole

13

14	A14 SECURITY		
	Clause 14.0		
	Clauses 14.1 - 14.8 are amended by replacing them with the following:		
	14.1 In respect of contracts with a <b>contract sum</b> up to R1 million, the <b>security</b> to be submitted by the <b>contractor</b> to the <b>employer</b> will be as a payment reduction of five per cent (5%) of the value certified in the <b>payment certificate</b> (excluding VAT)		
	14.1.1 The payment reduction of the value certified in a <b>payment certificate</b> shall be <i>mutatis mutandi</i> in terms of 31.8(A)		
	14.1.2 The <b>employer</b> shall be entitled to recover expense and loss from the payment reduction in terms of 33.0 provided that the <b>employer</b> complies with the provisions of 33.4 in which event the <b>employer's</b> entitlement shall take precedence over his obligations to refund the payment reduction security or portions thereof to the <b>contractor</b>		
	14.2 In respect of contracts with a <b>contract sum</b> above R1 million, the <b>contractor</b> shall have the right to select the <b>security</b> to be provided in terms of 14.3, 14.4, 14.5, 14.6, or 14.7 as stated in the <b>schedule</b> . Such <b>security</b> shall be provided to the <b>employer</b> within twenty-one (21) <b>calendar days</b> from <b>commencement date</b> . Should the <b>contractor</b> fail to select the <b>security</b> to be provided or should the <b>contractor</b> fail to provide the <b>employer</b> with the selected <b>security</b> within twenty-one (21) <b>calendar days</b> from <b>commencement date</b> , the <b>security</b> in terms of 14.7 shall be deemed to have been selected.		
	14.3 Where <b>security</b> as a cash deposit of ten per cent (10%) of the <b>contract sum</b> (excluding VAT) has been selected:		
	14.3.1 The <b>contractor</b> shall furnish the <b>employer</b> with a cash deposit equal in value to ten per cent (10%) of the <b>contract sum</b> (excluding VAT) within twenty-one (21) <b>calendar days</b> from <b>commencement date</b>		
	14.3.2 Within twenty-one (21) <b>calendar days</b> of the date of <b>practical completion</b> of the <b>works</b> the <b>employer</b> shall reduce the cash deposit to an amount equal to three per cent (3%) of the <b>contract value</b> (excluding VAT), and refund the balance to the <b>contractor</b>		
	14.3.3 Within twenty-one (21) <b>calendar days</b> of the date of <b>final completion</b> of the <b>works</b> the <b>employer</b> shall reduce the cash deposit to an amount equal to one per cent (1%) of the <b>contract value</b> (excluding VAT) and refund the balance to the <b>contractor</b>		
	14.3.4 On the date of payment of the amount in the final <b>payment certificate</b> , the <b>employer</b> shall refund the remainder of the cash deposit to the <b>contractor</b>		
	Carried to Collection Bill No. 1	R	
	Preliminaries		

14.3.5 The <b>employer</b> shall be entitled to recover expense and loss from the cash deposit in terms of 33.0 provided that the <b>employer</b> complies with the provisions of 33.4 in which event the <b>employer's</b> entitlement shall take precedence over his obligations to refund the cash deposit <b>security</b> or portions thereof to the <b>contractor</b>		
14.3.6 The parties expressly agree that neither the <b>employer</b> nor the <b>contractor</b> shall be entitled to cede the rights to the deposit to any third party		
14.4 Where <b>security</b> as a variable <b>construction guarantee</b> of ten percent (10%) of the <b>contract sum</b> (excluding VAT) has been selected:		
14.4.1 The <b>contractor</b> shall furnish the <b>employer</b> with an acceptable variable <b>construction guarantee</b> equal in value to ten per cent (10%) of the <b>contract sum</b> (excluding VAT) within twenty-one (21) <b>calendar days</b> from <b>commencement date</b>		
14.4.2 The variable <b>construction guarantee</b> shall reduce and expire in terms of the Variable <b>Construction Guarantee</b> form included in the invitation to tender		
14.4.3 The <b>employer</b> shall return the variable construction guarantee to the <b>contractor</b> within fourteen (14) <b>calendar days</b> of it expiring		
14.4.4 Where the <b>employer</b> has a right of recovery against the <b>contractor</b> in terms of 33.0, the <b>employer</b> shall issue a written demand in terms of the variable <b>construction guarantee</b>		
14.5 Where <b>security</b> as a fixed <b>construction guarantee</b> of five per cent (5%) of the <b>contract sum</b> (excluding VAT) and a five per cent (5%) payment reduction of the value certified in the <b>payment certificate</b> (excluding VAT) has been selected:		
14.5.1 The <b>contractor</b> shall furnish a fixed construction guarantee to the <b>employer</b> equal in value to five per cent (5%) of the <b>contract sum</b> (excluding VAT)		
14.5.2 The fixed <b>construction guarantee</b> shall come into force on the date of issue and shall expire on the date of <b>practical completion</b>		
14.5.3 The <b>employer</b> shall return the fixed <b>construction guarantee</b> to the <b>contractor</b> within fourteen (14) <b>calendar days</b> of it expiring		
14.5.4 The payment reduction of the value certified in a <b>payment certificate</b> shall be in terms of 31.8 (A) and 34.8		
14.5.5 Where the <b>employer</b> has a right of recovery against the <b>contractor</b> in terms of 33.0, the <b>employer</b> shall be entitled to issue a written demand in terms of the fixed <b>construction guarantee</b> or may recover from the payment reduction or may do both		
Carried to Collection	R	
Bill No. 1 Preliminaries		_

14.6 Where <b>security</b> as a cash deposit of five per cent (5%) of the <b>contract sum</b> (excluding VAT) and a payment reduction of five per cent (5%) of the value certified in the <b>payment certificate</b> (excluding VAT) has been selected:		
14.6.1 The <b>contractor</b> shall furnish the <b>employer</b> with a cash deposit equal in value to five per cent (5%) of the <b>contract sum</b> (excluding VAT) within twenty-one (21) <b>calendar days</b> from <b>commencement date</b>		
14.6.2 Within twenty-one (21) <b>calendar days</b> of the date of <b>practical completion</b> of the <b>works</b> the <b>employer</b> shall refund the cash deposit in total to the <b>contractor</b>		
14.6.3 The payment reduction of the value certified in a <b>payment certificate</b> shall be <i>mutatis mutandi</i> in terms of 31.8(A)		
14.6.4 Where the <b>employer</b> has a right of recovery against the <b>contractor</b> in terms of 33.0, the <b>employer</b> may issue a written notice in terms of 33.4 or may recover from the payment reduction or may do both		
14.7 Where <b>security</b> as a payment reduction of ten per cent (10%) of the value certified in the <b>payment certificate</b> (excluding VAT) has been selected:		
14.7.1 The payment reduction of the value certified in a <b>payment certificate</b> shall be <i>mutatis mutandi</i> in terms of 31.8(B)		
14.7.2 The <b>employer</b> shall be entitled to recover expense and loss from the payment reduction in terms of 33.0 provided that the <b>employer</b> complies with the provisions of 33.4 in which event the <b>employer's</b> entitlement shall take precedence over his obligations to refund the payment reduction or portions thereof to the <b>contractor</b>		
14.8 Payments made by the guarantor to the <b>employer</b> in terms of the fixed or variable <b>construction guarantee</b> shall not prejudice the rights of the <b>employer</b> or <b>contractor</b> in terms of this <b>agreement</b>		
14.9 Should the <b>contractor</b> fail to furnish the <b>security</b> in terms of 14.2, the <b>employer</b> , in his sole discretion and without notification to the <b>contractor</b> , is entitled to change the <b>contractor's</b> selected form of <b>security</b> to that of a ten per cent (10%) payment reduction of the value certified in the <b>payment certificate</b> (excluding VAT), whereafter 14.7 shall be applicable

SCHEDULE OF SUPPLEMENTARY INFORMATION		
NOTE:		
The information listed below is in respect of certain clauses in the Preliminaries, requiring the supplementary information		
Amount of insurance against injury to person or property in respect of any single occurrence R 5 million  Amount of insurance against removal of support to adjoining properties in respect of any single accurance  Not specifically prescribed		
Contract period - 3 (Three) months		
The date for site handover :- TBA		
Amount of penalty per day on which the completion of the works may be in arrear:		
R0.11 per R100 of contract value per day (Excluding VAT)		
Specification of materials and methods to be used: Specification of Materials and Methods to be used - PW 371, Fourth Revision, October 1993		
Edition of Standard System of measuring building work: Sixth Edition including the latest amendments		
SECTION C: SPECIFIC PRELIMINARIES		
Section C contains specific preliminary items which apply to this contract except where N/A (Not Applicable) appears against an item		
C1 CONTRACT DRAWINGS		
The drawings issued with the tender documents do not comprise the complete set but serve as a guide only for tendering purposes and for indicating the scope of the work to enable the tenderer to acquaint himself with the nature and extent of the works and the manner in which they are to be executed		
Should any part of the drawings not be clearly intelligible to the tenderer he shall, before submitting his tender, obtain clarification in writing from the <b>principal</b> agent

	C10 HIV/AIDS AWARENESS		
	It is required of the <b>contractor</b> to thoroughly study the HIV/AIDS Specification (PW 1544) of the Department that must be read together with and is deemed to be incorporated under this Section of the <b>Bills of Quantities</b> . Provision for pricing of HIV/AIDS awareness is made under items C10.1 to C10.5 hereafter and it is explicitly pointed out that all requirements of the aforementioned specification are deemed to be priced hereunder, as the said items represent the only method of measurement and no additional items or extras to the contract in this regard shall be entertained. Also see Part C3.6 Social and Economic Deliverables F1		
	The <b>contractor</b> must take note that compliance with the HIV/AIDS Specification is compulsory. In the event of partial or total non-compliance, the <b>principal agent</b> , notwithstanding the provisions of Clause A 31 of "Section 1: Preliminaries (Section A)" or any other clause to the contrary, reserves the right to delay issuing any progress <b>payment certificate</b> until the <b>contractor</b> provides satisfactory proof of compliance. The <b>contractor</b> shall not be entitled to any compensation of whatsoever nature, including interest, due to such delay of payment		
111	C10.1 AWARENESS CHAMPION  Selection, appointment, briefing and making available of an Awareness Champion including provision of all relevant services, all in accordance with the HIV/AIDS Specification		
12	Fixed: Value related: Time related: To a control of the control o	Item	
	Selection and appointment of a competent Service Provider approved by the <b>principal agent</b> , provision of a Service Provider Workshop Plan and a suitable venue, conducting of awareness workshops by means of traditional and/or modern multi-media techniques, including follow-up courses, making available all tuition material and performing assessment procedures, all in accordance with the HIV/AIDS Specification  Fixed:

	Preliminaries		

116	C11 OCCUPATIONAL HEALTH AND SAFETY ACT		
	The contractor shall comply with the requirements set out in the Construction Regulations, 2003 issued under the Occupational Health and Safety Act, 19093 (Act No. 85 of 1993).		
	It is required of the contractor to thoroughly study the Health and Safety Specification that must be read together with and is deemed to be incorporated under this Section of the bills of quantities/lump sum document.		
	The contractor must take note that compliance with the Occupational Health and Safety Act, Construction Regulations and Health and Safety Specification is compulsory. In the event of partial or total non-compliance, the principal agent, notwithstanding the provisions of clause A3.10 of Section A or any other clause to the contrary, reserves the right to delay issuing any progress payment certificate until the contractor provides satisfactory proof of compliance. The contractor shall not be entitled to any compensation of whatsoever nature, including interest, due to such delay of payment.		
	Provision for pricing of the Occupational Health and Safety Act, Construction Regulations and Health and Safety Specification is made under this clause and it is explicitly pointed out that all requirements of the aforementioned are deemed to be priced hereunder and no additional claims in this regard shall be entertained.		
	Fixed: Value related: Time related:	Item	
117	C12. SOCIAL AND ECONOMIC DELIVERABLES IN CONSTRUCTION WORKS CONTRACTS		
	The contractor shall thoroughly study and comply with the requirements and specification data set out in Part C3.6: Specification for Social and Economic Deliverables in Construction.		
	Provision for pricing of Social and Economic Deliverables is made under items C12.1 to C12.4 hereafter and it is explicitly pointed out that all requirements of the aforementioned specification are deemed to be priced hereunder, and no additional items or extras to the contract in this regard shall be entertained.		
	Fixed: Value related: Time related:	Item	
118	C12.1 UTILIZE LOCAL RESOURCES		
	Deliverable A1: Utilize local resources as described in the Specification Data.		
	Fixed: Value related: Time related:	Item	
	Carried to Collection	R	
	Bill No. 1 Preliminaries		

119	C12.2 PROVIDE EXPERIENTIAL WORK OPPORTUNITIES TOWARDS A TECHNICAL QUALIFICATIONFOR DESIGNATED PERSONS		
	Deliverables E2: Provide experiential work opportunities towards a technical qualification for designated persons as described in the Specification Data.		
	Fixed: Value related: Time related:	Item	
120	C12.3 PROVIDE EXPERIENTIAL WORK OPPORTUNITIES AND TRAINING TOWARDS TRADE COMPETENCIES FOR DESIGNATED PERSONS		
	Deliverables E3: Provide experiential work opportunities and training towards trade competencies for designated persons as described in the Specification Data.		
	Fixed: Value related: Time related:	Item	
121	C12.4 PROVIDE AND MANAGE TRAINING PROVIDERS TO PROVIDE LIFE SKILLS TRAINING TO EMPLOYEES.		
	Deliverables E4: Procure and manage a training provider to provide spesific training for the minimum number of employees as per Part C3.6 in life skills training. As described in the Specification Data.		
	Fixed: Value related: Time related:	ltem	
	C13 LABOUR-INTESIVE WORKS		
	Those parts of the contract to be constructed using labour-intensive methods have been marked in the bill of quantities with the letters LI in a separate column filled in against every item so designated. The works, or parts of the works so designated are to be constructed using labour-intensive methods only. The use of plant to provide such works, other than plant specifically provided for in the scope of work, is a variation to the contract. The items marked with the letters LI are not necessarily an exhaustive list of all the activities which must be done by hand, and this clause does not over-ride any of the requirements in the 'Specification for social and economic deliverables in construction works contracts'.		
	Carried to Collection	R	
	Bill No. 1 Preliminaries	•••	

(either in this sc	hedule or in the Scope of Wo	pe constructed labour-intensively prks) will not be made unless they		
to carry out work	using labour-intensive methon which was to be done laboon co constructed will not be cer	ods. Any unauthorised use of plant ur-intensively will not be condoned tified for payment.

		EARTHWORKS (PROVISIONAL)				
		The Tenderer is referred to the relevant Clauses in the separate document Model Preambles for Trades (1999 Edition), the Department of Public Works document No. PW 371 Specification of Materials and Methods to be used and to the Supplementary Preambles which are incorporated at the front of these Bills of Quantities.				
		SUPPLEMENTARY PREAMBLES				
		Proprietary products in descriptions:				
		Proprietary products shall be used as specified. Substitute products of similar quality and specification may only be used with prior approval by the Principal Agent.				
		Nature of material to be excavated:				
		The material to be excavated is assumed to be predominantly of a composition that will allow excavation in "earth" as specified, but including a percentage of excavation in "soft rock" and "hard rock".				
		Carting away of excavated material:				
		Descriptions of carting away of excavated material shall be deemed to include loading excavated material onto trucks directly from the excavations, or alternatively, from stock piles situated on the building site.				
		Carried to Collection			R	
		Bill No. 2 Earthworks				

		Dewatering of excavations:				l
		The Contractor shall allow for removing seepage and other water from subterranean sources from the excavations by pumping, baling or otherwise. Accurate records of all such dewatering shall be kept to determine the total volume of water so removed and a clear distinction shall be made between water from subterranean sources and other water				
		Density testing on filling:				
		Rates for filling, etc. shall include for all density and soil type testing to prove that the specified compaction is achieved. When additional testing is done on instruction of the Principal Agent and these tests are successful, they will be paid for additionally.				
		Imported fill:				
		"Filling and bedding to trenches etc. to be in compliance with SABS 1200 DB and LB respectively"				
		EXCAVATION, ETC				
	LI	Site clearance etc:				
1		Allow for clearing the area of the site to be built upon of all grass, weeds, shrubs, trees with trunks not exceeding 200mm girth, debris, etc., including grubbing up all roots, scoffling up as required and cart away all vegetation and debris.	m2	53		
	LI	Excavation in earth not exceeding 2m deep:				
2		Trenches.	m3	6		
3		Reduced levels under floors.	m3	2		
4		Toilet pit.	m3	72		
		Carried to Collection Bill No. 2 Earthworks			R	

	LI	Excavation in earth exceeding 2m and not exceeding 4m deep:				
5		Toilet pit.	m3	8		
		Extra over trench and hole excavations in earth for excavation in:				
6		Soft rock.	m3	34		
7		Hard rock.	m3	17		
	LI	Extra over all excavations for carting away:				
8		Surplus material from excavations and/or stock piles on site to a dumping site to be located by the contractor.	m3	88		
		Risk of collapse of excavations:				
9		Sides of trench and hole excavations not exceeding 1,5m deep.	m2	73		
10		Sides of trench and hole excavations exceeding 1,5m deep.	m2	24		
		Keeping excavations free of water:				
11		Keeping excavations free from mud and all water including subterranean sources.		Item		
		EARTH FILLING, ETC.				
	LI	Earth filling (G7 material or sabunga) supplied by the contractor compacted to 98% Mod AASHTO density:				
12		Backfilling to trenches, holes, etc. in 150mm layers.	m3	35		
13		Under floors, steps, pavings, etc.	m3	2		
		Carried to Collection			R	
		Bill No. 2 Earthworks				

	LI	Compaction of surfaces:				
14		Compaction of ground surface under floors etc including scarifying for a depth of 150mm, breaking down oversize material, adding suitable material where necessary and compacting to 93% Mod AASHTO density.	m2	44		
		Prescribed density tests on filling:				
15		Allow for compaction tests by an approved laboratory to determine density of filling material.	No	8		
		Carried to Collection			R

		CONCRETE, FORMWORK AND REINFORCEMENT					
		Carried to Collection Bill No. 3 Concrete, Formwork and Reinforcement			R		_

	Formwork:				
	Descriptions of formwork shall be deemed to include use and waste only (except where described as left in or permanent), for fitting together in the required forms, wedging, plumbing and fixing to true angles and surfaces as necessary to ensure easy release during stripping and for reconditioning as necessary before re-use.				
	The vertical strutting shall be carried down to such construction as is sufficiently strong to afford the required support without damage and shall remain in position until the newly constructed work is able to support itself.				
	Formwork to soffits of solid slabs etc., shall be deemed to be to slabs not exceeding 250mm thick unless otherwise described.				
	Formwork to sides of bases, pile caps, ground beams, etc., will only be measured where it is prescribed by the Engineer for design reasons. Formwork necessitated by irregularity or collapse of excavated faces will not be measured and the cost thereof shall be deemed to be included in the allowance for taking the risk of collapse of the sides of the excavations, provision for which is made in Earthworks.				
	UNREINFORCED CONCRETE CAST IN OR AGAINST WALLS				
LI	20MPa/13mm concrete:				
1	Wall cavity.	m3	2

		MASONRY	l			
		The Tenderer is referred to the relevant Clauses in the separate document Model Preambles for Trades (1999 Edition), the Department of Public Works document No. PW 371 Specification of Materials and Methods to be used and to the Supplementary Preambles which are incorporated at the front of these Bills of Quantities.				
		Proprietary products in descriptions:				
		Proprietary products shall be used as specified. Substitute products of similar quality and specification may only be used with prior approval by the Principal Agent.				
		Sizes in descriptions:				
		Where sizes in descriptions are given in brick units, 'one brick' shall represent the length and 'half brick' the width of a brick.				
		Face bricks:				
		Bricks shall be ordered timeously to obtain uniformity in size and colour.				
		Pointing:				
		Descriptions of recessed pointing to fair face brickwork and face brickwork shall be deemed to include square recessed, hollow recessed, weathered pointing, and cleaning etc.				
		Samples, etc:				
		Rates for brickwork, faced brickwork, etc shall include for all required samples.				
		Carried to Collection Bill No. 4 Masonry			R	

	Concrete masonry units:				
	Blocks are to be either solid or hollow modular dense concrete masonry units having a compressive strength of 7 MPa				
	Wall ties for blockwork:				
	Wall ties shall be polypropylene "Permaties" complying with BS 76377. Ties for hollow walls shall be of sufficient length to allow not less than 75mm of each end to be built into the blockwork. Ties are to be spaced at intervals of not more than 1m in the horizontal direction and not more than 400mm staggered in the vertical direction except at openings, vertical joints or ends of walls where they are to be placed vertically above each other				
	Blockwork:				
	Blockwork shall comply with SABS 0145 "Concrete Masonry Construction"				
	Surfaces shall have joints raked out to a depth of at least 10mm and pointed on exposed surfaces. Cavities of hollow walls shall be kept free of mortar droppings or other undesirable matter. Every second perpend of the bottom course of the external skin of hollow walls shall be left open as a weep hole.				
	Standard complementary blocks:				
	Descriptions of blockwork shall be deemed to include standard complementary blocks such as corner, three-quarter, half and quarter blocks required in the construction of corners, reveals, jambs, ends, etc to solid and hollow walls and for bonding as necessary

CARPENTRY AND JOINERY			
The Tenderer is referred to the relevant Clauses in the separate document Model Preambles for Trades (1999 Edition), the Department of Public Works document No. PW 371 Specification of Materials and Methods to be used and to the Supplementary Preambles which are incorporated at the front of these Bills of Quantities.			
SUPPLEMENTARY PREAMBLES			
Proprietary products in descriptions:			
Proprietary products shall be used as specified. Substitute products of similar quality and specification may only be used with prior approval by the Principal Agent.			
Prefabricated roof trusses:			
Prefabricated timber roof trusses shall be constructed of South African pine by a firm of specialist designer manufacturer's as approved by the Architect.			
Prices must include for all cross and windbracing according to the manufacturer's instruction.			
Prices must include for the design, plans and approval of all timber trusses and no claim shall be considered.			
Pre-fabricated timber roof trusses shall comply with the requirements of SABS Specification 0163 and be constructed of South African pine as described in clause 8.5 to the designs shown on the Manufacturer's detail drawings. The timber shall be of cross-sectional dimensions shown, cut to correct lengths with ends square or at the required angle.			
Trusses shall be assembled in truss fabricating jigs with the truss having the proper camber, all tightly clamped together with joints secured using approved connector plates of galvanised steel sheet. Connector plates shall be pressed into the timber simultaneously from both sides of the truss with a hydraulic press capable of exerting such pressure as will ensure complete penetration of the teeth into the timber.			
Carried to Collection Bill No. 7		R	
Carpentry and Joinery			

The connector plates shall be of such size as will ensure that the joints so made will adequately withstand the forces exerted on the joints.		
In coastal areas connector plates in buildings without ceilings shall be painted with two coats of epoxy tar complying with SABS Specification 801 Type 2, or rust neutralising paint.		
Approval of pre-fabricated roofing systems, whether measured as an alternative or not, shall be subject to the following requirements:		
(a) The Manufacturer of the pre-fabricated trusses shall hold a certificate of competence issued by the Insitute for Timber Construction.		
(b) A polyester print, size A1 having a minimum thickness of 0,5mm, shall be submitted by the Contractor to the Regional Representative at an early stage for approval by the Directorate: Structural Engineering Services.		
(c) The drawings shall be signed by a Registered Professional Engineer whose name appears on the Departmental panel for structural work.		
(d) In the case of systems buildings, approval shall be given with submission of the contract drawings on acceptance of the tender.		
The following minimum information shall be shown on the drawings:		
(a) Details of the roof system with the position of the rafters and purlins indicated thereon as well as typical elevations.		
(b) Bracing as recommended by the Institute for Timber Construction.		
(c) Sizes and grading of the timber components.		
(d) Truss sizes, e.g. height of ridge or angle of pitch.		
(e) Plate sizes for every construction point. (Code numbers only are deemed insufficient).		
Comical to Callectic -	5	
Carried to Collection Bill No. 7	R	
Carpentry and Joinery		
		l

(f)	Seperate connection details for hip, valley and jack rafters.		
(g)	Maximum spacing for purlins and brandering to ceilings shall be according to Subclauses 7.6.1 and 7.6.2 and Clauses 7.8, 7.9 and 9.5.		
(h)	The type of roof covering as well as the design load. Over and above the supervision undertaken by the Representative / Agent, the Truss Fabricator or his Design Engineer shall inspect the completed roof structure and issue a certificate of confirmation to the Department that:		
	"The roof structure(s) has (have) been erected in accordance with the Design Engineer's drawings, as accepted by the Department, and the relevant details given in the manual "THE ERECTION AND BRACING OF TIMBER ROOF TRUSSES" issued by the National Timber Research Institute and the Institute for Timber Construction".		
Joinery	<u>:</u>		
	tions of frames shall be deemed to include transomes, mullions, rails, etc.		
	tions of hardwood joinery shall be deemed to pelleting of bolt holes.		
Fixing:			
done w	ng of timber roof trusses, purlins, etc shall be ith galvanised nails. In coastal areas, copper, um or stainless steel nails shall be used.		
	escribed as "nailed" shall be deemed to be fixed rdened steel nails or shot pins to brickwork or e.		
	items are described as "bolted" the bolts have easured elsewhere.

	PLUMBING AND DRAINAGE (PROVISIONAL)			
	The Tenderer is referred to the relevant Clauses in the separate document Model Preambles for Trades (1999 Edition), the Department of Public Works document No. PW 371 Specification of Materials and Methods to be used and to the Supplementary Preambles which are incorporated at the front of these Bills of Quantities.			
	SUPPLEMENTARY PREAMBLES			
	Proprietary products in descriptions:			
	Proprietary products shall be used as specified. Substitute products of similar quality and specification may only be used with prior approval by the Principal Agent.			
	Copper pipes:			
	Pipes shall be hard drawn and half-hard pipes of the class stated. Class 0 (thin walled hard drawn) pipes shall not be bent. Class 1 (thin walled half-hard), class 2 (half-hard) and class 3 (heavy walled half-hard) pipes shall only be bent with benders with inner and outer formers. Fittings to copper waste, vent and anti-syphon pipes, capillary solder fittings and compression fittings shall be 'Cobra Watertech' type. Capillary solder fittings shall comply with ISO 2016. Only compression fittings shall be used in walls or in ground.			
	Chasing:			
	Chasing pipes into new walls shall be regarded as "building in" and is not measured separately. The cost of chasing, wrapping in suitable bown paper and making good shall be included in the rates for pipes.			
	Holes for pipes through new walls:			
	No allowance for holes and drilling for pipes through new walls has been made in these bills of quantities, the price for all holes and making good shall be deemed to be included in the description of pipes.			
	Carried to Collection		R	
	Bill No. 11 Plumbing and Drainage			

Reducing fittings:			
Where fittings have reducing ends or branches they are described as 'reducing'. In the case of pipes with diameters not exceeding 60mm only the largest end or branch size is given. Should the Contractor wish to use other fittings and bushes or reducers he may do so on the understanding that no claim in this regard will be entertained. In the case of pipes with diameters exceeding 60mm all sizes are given and no claim for extra bushes, reducers, etc will be entertained.			
Description of pipes laid in trenches:			
Descriptions of pipes laid in trenches shall be deemed to include for carting away all surplus excavated material to a dumping site located by the contractor.			
Excavations:			
No claim for rock excavation will be entertained unless the Contractor has timeously notified the quantity surveyor thereof prior to backfilling.			
'Soft rock' and 'hard rock' shall be as defined in 'Earthworks'.			
Laying, backfilling, bedding, etc of pipes:			
Pipes shall be laid and bedded and trenches shall be carefully backfilled in accordance with manufacturers' instructions.			
Where no manufacturers' instructions exist pipes shall be laid in accordance with clauses 5.1 and 5.2 of each of the following: SABS 1200 L: Medium pressure pipelines LD: Sewers LE: Stormwater drainage Pipe trenches etc shall be backfilled in accordance with clause 3, 5.5, 5.6, 5.7 and 7 of SABS 1200DB: Earthworks (Pipe trenches) Clause 5.7.2 will only be applicable if authorised by the Engineer in writing.			
Flush pans:			
Flush pans shall have straight or side outlets and 'P' or 'S' traps as necessary.			
Carried to Collection	R

		EXTERNAL WORK (PROVISIONAL)				
		The Tenderer is referred to the relevant Clauses in the separate document Model Preambles for Trades (1999 Edition), the Department of Public Works document No. PW 371 Specification of Materials and Methods to be used and to the Supplementary Preambles which are incorporated at the front of these Bills of Quantities.				
		SUPPLEMENTARY PREAMBLES				
		Proprietary products in descriptions:				
		Proprietary products shall be used as specified. Substitute products of similar quality and specification may only be used with prior approval by the Principal Agent.				
		BULK EARTHWORKS, PLATFORMS, CUT-OFF DRAINS, ETC				
		Excavations in earth:				
1		Remove topsoil and vegetation to a depth of 150mm and deposit on site in spoilheaps where directed by the Engineer.	m2	158		
		Open face excavation not exceeding 2m deep:				
2		Over site to reduce levels and depositing excavated material in prescribed stock piles on site.	m3	71		
		Extra over bulk excavation in earth for excavation in:				
3		Soft rock.	m3	14		
4		Hard rock.	m3	7		
		Carried to Collection Bill No. 13 External Work			R	

		Extra over all excavations for carting away:				
5		Surplus material from stock piles on site to a dumping site to be located by the contractor.	m3	71		
		Keeping excavations free of water:				
6		Keeping excavations free of water.		Item		
		Earth filling supplied by the contractor under pavings etc.				
7		Over site of G7-SUBGRADE material compacted to 95% Mod A.A.S.H.T.O. density.	m3	24		
		Compaction of surfaces.				
8		Compaction of ground surface under roads etc including scarifying for a depth of 150mm, breaking down oversize material, adding suitable material from excavated material where necessary and compacting to 93% Mod AASHTO density.	m2	158		
		Prescribed density tests on filling:				
9		In-situ dry density test.	No	2		
		SIDEWALKS AND PAVING				
	LI	Site clearance:				
10		Digging up and removing rubbish, debris, vegetation, hedges, shrubs and trees not exceeding 200mm girth, bush, etc.	m2	33		
	LI	Open face excavation not exceeding 2m deep:				
11		Over site to reduce levels and depositing excavated material in prescribed stock piles on site.	m3	6		
		Carried to Collection			R	_
		Bill No. 13 External Work			i.	

		Extra over bulk excavation in earth for excavation in:				
12		Soft rock.	m3	1		
13		Hard rock.	m3	1		
	LI	Extra over all excavations for carting away:				
14		Surplus material from stock piles on site to a dumping site to be located by the contractor.	m3	6		
		Keeping excavations free of water:				
15		Keeping excavations free of water.		Item		
	LI	Earth filling supplied by the contractor under pavings etc:				
16		Over site of SUBGRADE material compacted to 95% Mod A.A.S.H.T.O. density.	m3	4		
	LI	Compaction of surfaces.				
17		Compaction of ground surface under roads etc including scarifying for a depth of 150mm, breaking down oversize material, adding suitable material from excavated material where necessary and compacting to 93% Mod AASHTO density.	m2	25		
	LI	25MPa/20mm concrete:				
18		Paving surface beds cast in panels.	m3	2		
	LI	Finishing top surfaces of concrete smooth with a wood float:				
19		Paving, etc to slight falls.	m2	25		
		Rough Formwork to Sides:				
20		Edges, risers, ends and reveals not exceeding 300mm high or wide.	m	26		
		Carried to Collection Bill No. 13 External Work			R	

	Joint forming material in movement joints:				
21	12mm Bitumen impregnated fibre board built in vertically or horizontally between brick skins, concrete, etc (Provisional).	m2	26		
	Approved polysulphide sealing compound including backing cord, bond breaker, primer etc.:				
22	10 x 12mm In expansion joints in walls including raking out expansion joint filler as necessary (Provisional).	m	26		
	STORMWATER CHANNELS, PIPES, ETC.				
	Insitu concrete channels:				
23	700 x 100mm 20Mpa open concrete stormwater channel with 650 x 60mm deep 'V' channel, on suitable 150mm subbase material compacted to 93% Mod A.A.S.H.T.O. density, including all necessary excavations, formwork, compaction, grading, carting away, etc.	m	10		
24	Extra over for angles, intersections,				
	ends, dressing into sides of catchpits, etc	No	4		
25	Extra over for widening concrete to form spreader 1500mm wide extreme, for a length of 750mm and bedding 120mm stone pitching in concrete spaced at 200mm centre spacings to falls including brushing concrete between stones.	No	2

# C4 Site Information

# C4: SITE INFORMATION - JBCC 2000 PRINCIPAL BUILDING AGREEMENT (Edition 4.1 of March 2005)

Project title:	SANITATION RELIEF PROGRAMME FOR ADDITIONAL ABLUTION FACILITIES AT LUKHOZI HIGH SCHOOL
RFQ No:	SANI 21/22-055

# C4 Site Information – Existing operational education facilities

# 1. GROUND CONDITIONS

Geotech information not available. This is an existing site.

# 2. UNDERGROUND SERVICES

There are unidentifiable underground services traversing the area of works, care would need to be taken during excavations.

# 3. ADJACENT BUILDINGS

No adjacent buildings could be affected by the construction. No particular precautions have been identified by the Engineer for the protection of this structure.

## 4. ENVIRONMENTAL ISSUES

None

FLOOR PLAN

SCALE 1:50

1200mm PRECAST CONCRETE LENTIL SECTION A-A SCALE 1:25

#### ROOF

0.58mm thick IBR profile roof sheet with Chromadek Z275 protective coating on 76 x 50mm treated sap purlins at maximum 900 cc's on sisalation 420 insulation printing face up on 50x152mm timber rafter treated at maximum 1100mm cc's. roof tied down specification to engineers detail.

# FASCIA BOARD

PVC Fascia boards, size 225 x 25x9mm, fixed to 76 x 50mm edge purlin and 50x 150mm timber support fix to the rafters twice screwed with 12 x 40mm countersunk brass screws at 900mm centres to support battens with aluminium fascia jointing plate between boards.

#### DOWN PIPE :100mm dia PVC downpipe fixed to

wall with straps at 1500mm centres using nail plugs.

pressure hydrated lime. GUTTER

3000x125x75mmPVC gutter ,secured to fascia board with brackets at 600mm centres.

BARGE:225x9mm PVC barge fixed to 38  $\rm x$ 38mm trimmer batten twice screwed with 12 x 40mm countersunk brass screws with PVC H-profile barge board joiners between boards and at roof apex.

### NOTES

140 x 390 x190mm (M140/ M6) concrete block

wall with straps at 1500mm centres using nail plugs.

140 x 390 x 190mm (M140/ M6) concrete block
190 mm block guage with maximum 10mm deep
tooled, half-round horizontal and vertical joints all
laid in compo mortar comprising 1
part cement: 1/4 part Cape Lime Company plastic,
part Cape Lime Company plastic, processure hydrated
lime: 6 parts sand with open perpends forming weepholes as specified

STOEP PAINT/ INDUSTRIAL FLOOR PAINT.

Surfaces must be thoroughly clean, dry and in sound condition and free from polish or wax before painting. Newly laid concrete floors must be allowed to dry for 6 weeks. Smooth floors must be cleaned with hydrochloric acid and rinsed off with water, and allowed to dry before paintling. Apply one coat of Medal Stoep Paint thinned with 10% Mineral Turpentine, followed by two coats of Medal Stoep Paint unthinned.

#### EXTERNAL / LOAD BEARING WALLS:

To have 2.8mm galvanised Brickforce reinforcing at 2 course intervals built into bed joints. All courses above Door / window heads be reinforced with gall

EXPANSION JOINTS: Dow corning 795 neutral curing silicone sealant with polycord backing cord 10mm deep to vertical and horizontal expansion joints where shown.

#### Colour: Grey to match colour of pointing. DAMP PROOF COURSING:

To be Gunplas Black Brickgrip or equal and

REFER CONFLICTING INFORMATION TO THE ARCHITECT AND OTHER RESPONSIBLE CONSULTANTS. THE DESIGN ON THIS DRAWING IS THE PROPERTY OF THE PROVINCIAL GOVERNMENT: VESTERN CAPE. BRANCH WORKS AND COPY RIGHT IS RESERVED.

# SANITATION RELIEF PROGRAM SANITARY SCHEDULE

#### **GENERAL NOTES:**

- 1. The Contractor is required to check that none of the pages are missing or duplicated. If any part of this schedule is indistinct or contains any obvious errors, he must make written application to the Architect to have such errors rectified.
- 2. Compliance with OW371 ("Specification of materials and methods to be used" as published by the Department of Public Works is applicable to this project), NBR and SABS specifications is compulsory.
- 3. Where specific manufacturer's instructions and recommendations contradicts that of the OW 371, NBR or SABS, then the Architect is to immediately be notified prior to commencement with the affected trade/installation.
- 4. Any discrepancy or contradiction to immediately be reported to the architect in writing.
- 5. All dimensions and materials to be checked on site prior to ordering of manufacturing.

No	Description	Date

SANITATION RELIEF PROGRAM SANITARY FITTINGS				
ITEM	DESCRIPTION			
Mirror		Stainless steel mirror for wall mounting, mirror with a reflective polished surface, material thickness 1 mm, four visible fixation points, includes stainless steel screws and dowels.  Dimensions 400 x 300 x 1 mm		
TAP		Star 15mm extended bibtap with <b>cold</b> indices, flow straightener and sliding wall flange, manufactured in accordance with SANS 226:2009 Type 1 (BS 5412).  Cobra Watertech (or similar approved)		
TAP – Disabled Toilet		Medical elbow-action, chrome bibtap, manufactured in accordance with SANS 226 Type 2. Cobra Watertech (or similar approved) Chrome Code: 500-21B		
TRAP		40mm bottle trap with 75mm deep re-seal, adjustable telescopic pipe and 40mm outlet for PVC pipe. (1x per waste outlet) Cobra Watertech (or similar approved)		
VIP PEDESTAL		387x 466x 518mm 4.0kg VIP 200 Pedestal flap & incorporated seat, code: 222AP		
VIP PEDESTAL Grade-R Learners	Code: 365/40	282 × 360 × 300 mm Bambi Long Drop PAN C/W FLAP VIP Pedestal, Colours Available: Granite .Code:631AP		

WASH HAND BASIN

Cindy Wash Hand Basin with Splashback in Compound Colour: Granite

Code: 384AP

ITEM	DESCRIPTION	
TROUGH		65 litre PVC wash trough, 373AP: 496 x 750 x 410 mm Chromium plated pillar taps with black soft rubber P trap
Tank	480 mm Clip-on-Lid	2500 kl vertical water tank with 40mm water fitting outlet at the bottom of the tank With SCHOOL NAME Embossed.
Piping connection to the Tank	A. 40/25 Reducer  B. 25mm Barrel Nipple  C. 25mm Bail Valve	A. 40/25mm reducer B. 25mm Barrel Nipple C. 25mm Ball Valve

Tap – for the Tank	A. 20mm Tap  B. 40/20 Reducer  C. 40mm Water Fitting	Brass Slimline Tap (20mm) fitted to a tank with 40/20mm reducer and 40mm outlet at the bottom of the tank.
Gulley		430x440x200mm high (or similar) See positions on plan: Standard precast concrete dished gulley trap bedded and jointed in Class II mortar and pointed on all exposed faces. Top of gully to be a min of 50mm above surrounding concrete apron or paving. Gulley to be fitted with 110mm uPVC gulley head and grate.
GRAB RAILS		32mm diameter straight grab rail with Franke fine grip plugged and screwed to the wall with stainless steel screws. Franke CNTX450 (or similar approved) Code: 359870 Grade 304 18/10 stainless steel
		300 x 300 x 96mm deep 32mm diameter paraplegic grab rail with Franke fine grip size, plugged and screwed to the wall with stainless steel screws. Franke CNTXPAR (or similar approved) Code: 359885 Grade 304 18/10 stainless steel
URINAL		320x350x495mm High Waterless Atlas Urinal , CODE 507AP
TOILET PAPER HOLDER		1 Standard approved lockable mild steel toilet paper dispenser, colour white, holding 3 rolls (Type SE3).

VENT PIPES	110mmØ black UPVC vent pipes to be 500mm high above the highest part roof sheeting, closed with 250mm toilet vent to fit 160 mm pipe.  Sewer / toilet vent 250mm diameter across the vanes and is made to fit a 160mm pipe.	
	Vent Pipe to be fix to wall three times with 200mm Aluminium/ PVC Holderbat as indicated on the drawing.
