- 3.3 The following learners are regarded as learners with special needs for whom measures should be taken in ordinary as well as special schools to assist with the barriers to learning that they face:
 - Learners who have neurological barriers to learning; reading, spelling, dysgraphia, mathematical calculations and numeracy skills and the understanding of the written word.
 - (ii) Learners whose hearing impairments (deaf and hard of hearing learners) present barriers to learning and for whom learning should be facilitated through sign language within an environment which promotes the linguistic identity of the hearing impaired (deaf) community and bilingualism, which also ensures the availability of assistive technology.
 - (iii) Learners who have severe visual barriers to learning (blind and partially sighted) and for whom learning should be facilitated through effective individualised support measures, specialised teaching methods, the use of Braille and large print and the application of specialised devices such as Braille equipment, magnification cameras and CCTV in classrooms, screen reading software, magnification software, etc.

- (iv) Learners who have physical barriers to learning and whose level of functioning is restricted due to limited gross and fine motor movements, dependency on the availability of certain devices (e.g. wheelchairs), medical conditions and inaccessible school buildings. - (viii) Learners with any medically assessed special need that may not fall under the above categories. (Refer to clause 34 of the National Policy pertaining to the Programme and Promotion Requirements of the National Curriculum Statement Grades R– 12.)

4. APPLICATION FOR ACCOMMODATIONS AND CONCESSIONS

4.1 IMMIGRANTS

Accommodation and concessions will ONLY be granted to immigrant learners, where:

- Parents/Guardians apply on behalf of the learner, complete section A and provide supporting documentation;
- b.) The school/institution completes section B of the form, and ensures all relevant documentation is attached before submission to District offices.
- valid study permits are attached.

4.2 BARRIERS TO LEARNING

Accommodations and Concessions will **ONLY** be granted to learners experiencing barriers to learning, where:

- a) The school, not the parents applies on behalf of the learner;
- b) There is supporting evidence/history of barriers identified.

NB: From 2019, no candidate will be considered for Accommodation and Concessions unless there is evidence of the Screening, Identification, Assessment and Support process (SIAS, 2014) with supporting evidence. It is emphasised that learners need to be supported to access and participate in the curriculum, not only in examinations. The granting of a concessions/accommodation is a continuation of the support offered in the classroom for a learner experiencing barriers to learning.

 Evidence of previous Accommodation and Concessions granted and approved by the Provincial Examination Chief Directorate and recommended by District Director.

4.3 APPLICATION PROCESS AND GENERAL GUIDELINES

An application for learners with barriers to learning, as outlined in Point 2 previously, or any special needs barriers, supported by full evidence, must be made using the relevant form (ANNEXURE B).

Concessions are not granted where the primary areas of difficulty are with the language of learning, teaching and assessment due to the fact that this is not the home language of the learner.

Sections A-E must be completed by the school/institution. Copies of relevant documents e.g. medical reports, psychological reports, school report, evidence of support etc. must be attached. Please note the new requirement: Evidence of support according to the SIAS Policy Guideline and completion of Form DBE 124.

Submit to the relevant District Office for all Grades no later than 28 February 2019 for any learner in the school who has a barrier to learning and requires a concession during any examination in 2019.

No late applications will be considered, except for emergency applications for Concessions, which will be evaluated during examinations when the emergency occurs. Delays in adjudication may result from non-compliance i.e. documentation is incomplete or outdated or insufficient evidence of support, leading to the need for reapplication the following year.

5. 5.1 Concessions/Accommodations for Grade 12

It has been observed that some schools do not apply for Accommodations and Concessions until a learner is in Grade 12. This disadvantages the learner considerably and Principals are requested to apply timeously when a learner is admitted to the school and barriers to learning are identified, preferably by October of their Grade 10 year. All the above guidelines apply (see 3.2.1.)

Concessions will not be granted to an applicant who is seeking solely to enhance his/her scholastic performance.

5.2 Other procedural guidelines

A learner's Assessment Accommodation and Concessions need change over time. Principals are reminded that applications for accommodations and concessions must be made at the beginning of EACH PHASE for a learner that requires a concession. Concession applications for ALL Grade 12 learners with learning barriers must be made every year.

The school is responsible for the following: screening and identifying learners, completing application forms and attaching all relevant documentation and supporting documents, forwarding application to the District Offices by the deadlines, capturing the application electronically and implementing the decision made by the District or Provincial Office.

5.3 District Accommodation and Concessions Committee will adjudicate Grades: 1, 2, 4, 5, 7 and will be required to provide written responses to the school/institution, no later than 1 June of every year. The District Head of Exams are required to send a summary record of these adjudications to the Examination Provincial Office for comprehensive monitoring and reporting purposes by 1 July 2019.

The District Head of Examinations must submit learners' application forms for Grades 3, 6, 9, 10, 11 and 12 to the PED Examinations and Assessment Chief Directorate, by the deadlines indicated. The Provincial Accommodation and Concessions Committee (PACC) will adjudicate and provide written responses to the school/institution through District Offices, by no later than 1 June of 2019.

The co-operation of all education stakeholders in the process is both anticipated and appreciated.
